## GRIDLOK LITE 8.5" HANDGUARD ASSEMBLY BLACK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The Strike Industries GRIDLOK® LITE Rail for AR-15 takes innovation from GRIDLOK® but this is a 1-piece design to minimize weight and offer a cost-effective option. Using the same Patent Pending Quick Rail Detach system, there is no other handguard that can be removed at home or in the field on the market today. With the Quick Rail detach system, a simple push and pull of the of the quick detach (QD) latch, you have the handguard off in seconds to make any adjustments to an adjustable gas block or installation/removal of a suppressor. The QD latch has also been redesigned with a new locking button for earlier latch locking. Integrated into the front of the GRIDLOK® LITE is the built-in flip up backup iron sight (BUIS). Just about any M-LOK accessories can be attached and mounted along the length of the rail at 1, 3, 5, 6, 7, 9 and 11 o'clock positions giving you as many options as any handguard on the market. In the rear of the handguard you will find a integrated 360° free swivel QD socket for a 2-point setup. Rear tabs with set screws at the top the SI GRIDLOK® LITE help center the top rail to the upper receiver to ensure proper alignment. The cut in front was designed to help fit suppressors up to 1.57" (39.9mm) in diameter and of course all SI muzzle devices including the SI OPPRESSOR for those looking for that tucked look. The handguard is machined from 6061-T6 aluminum and the barrel nut is machined from 7000 series aluminum which excels in applications that require lightweight and high strength. The Strike Industries GRIDLOK® LITE for AR-15 brings you features and improvements from big brother GRIDLOK® but with a more lightweight and cost-effective option. COMPATIBILITY: Mil-Spec M4 upper receiver NOT COMPATIBLE: Piston gas block Some billet/side charging uppers 11", 15", 17" with A2 Front Sight Post gas block

# Safety Instruction Guide for GRILDLOK LITE Handguard Assembly

## Introduction

Thank you for purchasing the GRILDLOK LITE Handguard Assembly by Strike Industries. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual thoroughly before installation and usage.

## General Safety Guidelines

- Always follow the manufacturer's instructions for installation and usage.
- Ensure that the product is compatible with your firearm model before use.
- Regularly inspect the handguard for any signs of wear or damage.
- Keep the product out of reach of children and unauthorized users.
- If you notice any defects or malfunctions, cease use immediately and consult a qualified gunsmith.
- Report any unsafe conditions or accidents involving this product to the relevant authorities.

## Specific Safety Precautions for Use

- **Compatibility Check:** Confirm that the GRILDLOK LITE is compatible with your MilSpec M4 upper receiver. It is not compatible with piston gas blocks or certain billet/side charging uppers.
- **Weight Considerations:** Be aware of the weight distribution when adding accessories to the handguard to maintain firearm balance.
- **Heat Management:** The handguard may become hot during use. Use caution and allow it to cool before handling.
- **MLOK Accessories:** Ensure that all accessories mounted on the MLOK slots are securely attached to prevent detachment during use.
- **Suppressor Compatibility:** When using suppressors, ensure they fit within the designed cutout of the handguard (up to 1.57" diameter).
- **Installation of Accessories:** Follow the manufacturer's guidelines for the installation of any accessories to avoid improper fitting.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing handguard if applicable, following the manufacturer's removal instructions.
- Align the GRILDLOK LITE handguard with the upper receiver.
- Engage the Quick Detach (QD) latch by pushing and pulling it to secure the handguard in place.
- Verify that the rear tabs with set screws are properly adjusted to center the top rail with the upper receiver.

### 2. Usage:

- Attach any MLOK accessories as needed, ensuring they are secured in the designated slots.
- Utilize the builtin flipup backup iron sight (BUIS) as necessary.
- If adjustments are required, utilize the Quick Rail Detach system to remove the handguard safely.
- Always check the alignment of the handguard after installation and before use.

### 3. PostUse Care:

- After use, inspect the handguard for any signs of damage or wear.
- Clean the handguard as per the manufacturer's recommendations to maintain its integrity and appearance.
- Store the handguard in a safe place when not in use.

## **Disposal Instructions**

- Dispose of the handguard assembly in accordance with local regulations.
- If the product is damaged beyond repair, consider recycling materials where possible.
- Ensure all components are disposed of safely to prevent environmental harm.

## **Contact Information for Further Support**

For any questions or concerns regarding the GRILDLOK LITE Handguard Assembly, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for your attention to these safety guidelines. Your safety and the proper functioning of your firearm are our top priorities. Enjoy your new GRILDLOK LITE Handguard Assembly responsibly!
