

# KENTUCKY LONG PRECISION 5-30X56MM ILLUMINATED RIFLE SCOPES - SWAMPFOX OPTICS KENTUCKY LONG PRECISION 5-30X56 FFP ILL SHARPSHOOTER MOA BLK

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

This precision riflescope series boasts first focal plane, glass etched illumination, and each scope in this series has a monster zoom ratio of 6x. Turrets are locking and zero re-settable. Includes includes high quality flip caps, 3" sun shade, and both low- and high-profile throw fins. You demand great glass, a smart FFP reticle, and adjustable parallax; but that's not enough. You want reticle illumination for low light situations and locking, zero-resettable target turrets. You want a ton of zoom- top magnification 6 times greater than the starting point. You'll get all that and even more when you step up to Kentucky Long. Illuminated first focal plane reticle Included high and low profile magnification lever Fast Focus Eyepiece Adjustable Parallax from 15 yards to infinity 80 MOA/23 MIL of total internal adjustment Locking Turrets Includes short and tall magnification throw fin, flip up lens caps, scope cloth, and 3" sunshade.

# Safety Instruction Guide for Kentucky Long Precision 530X56mm Illuminated Rifle Scope

## Introduction

Thank you for choosing the Kentucky Long Precision 530X56mm Illuminated Rifle Scope by Swampfox Optics. This product is designed for precision shooting and provides a variety of features to enhance your shooting experience. To ensure your safety and the proper use of this product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always treat the rifle scope as if it is loaded.
- Ensure the rifle scope is securely mounted on your firearm before use.
- Use the scope only for its intended purpose; it is designed for precision shooting.
- Keep the scope and all accessories out of reach of children and unauthorized users.
- Regularly check the scope for any signs of damage or wear.
- Follow all local laws and regulations regarding firearm and scope usage.

## Specific Safety Precautions for Use

- Do not look directly at the sun or any bright light source through the scope as it may cause permanent damage to your eyesight.
- Always use the scope in a welllit environment to ensure proper visibility and avoid accidents.
- Ensure that the rifle is pointed in a safe direction when adjusting the scope settings.
- Be aware of your surroundings and ensure that there are no people or animals in your line of sight when using the scope.
- Use appropriate eye protection when using the rifle equipped with the scope.

## Instructions for Installation and Usage

### 1. Installation

- Ensure you have all necessary tools for installation.
- Mount the scope on your rifle according to the manufacturer's instructions.
- Tighten all screws securely to prevent movement during use.
- Attach the high and low profile magnification lever as needed.

### 2. Usage

- Adjust the parallax from 15 yards to infinity for optimal clarity based on your shooting distance.
- Use the fast focus eyepiece to achieve a clear view of the reticle.
- Adjust the magnification from 5x to 30x according to your shooting requirements.
- Utilize the illuminated reticle feature in lowlight conditions for improved visibility.
- Lock the turrets after making adjustments to maintain your settings.

## Disposal Instructions

- Follow local regulations for the disposal of electronic devices and batteries.
- Remove the battery (CR2032) before disposing of the scope.
- Do not dispose of the scope in regular household waste.
- Consider recycling options for the scope and its components.

## **Contact Information for Further Support**
