

# TRIHAWK 3X30MM PRISM SIGHT - SWAMPFOX OPTICS TRIHAWK 3X30MM RED IR MOA RETICLE PRISM SIGHT BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Red Dot Sights](#)

Trihawk is the 3x prism scope featuring a super wide, true ten-degree field of view. Looking through Trihawk, you'll see a 52ft field of view from edge to edge at 100 yards. Yet Trihawk still offers greater eye relief than comparable prism scopes from other brands. Trihawk's Trident reticle is great for fast acquisition up close while also providing capability for medium range engagements using either a 5.56/.308 BDC or MOA ladder. Choose from red or green glass etched "Shake 'N Wake" reticle illumination. If you are looking for a tough, compact, fixed power scope to do it all, look through a Trihawk--you'll be impressed by what you see. Eye Relief: 2.36"

## Attributes

# TRIHAWK 3X30MM PRISM SIGHT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the TRIHAWK 3X30MM Prism Sight by SWAMPFOX OPTICS. This product is designed to enhance your shooting experience by providing a clear and accurate sight picture. To ensure your safety and the optimal performance of your prism sight, please read and follow these safety instructions carefully.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the prism sight by following all instructions and guidelines provided in this manual.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive a recall notice, follow the instructions provided for returning or repairing the product.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates on unsafe products.

## Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using this product to prevent injury.
- **Environment:** Use the prism sight in a safe and controlled environment. Avoid using it in crowded or unstable areas.
- **Handling:** Handle the sight with care. Avoid dropping or subjecting it to strong impacts.
- **Battery Safety:** Use only the recommended CR123A battery. Do not mix old and new batteries or different brands.
- **Illumination Settings:** Adjust brightness settings according to your environment to ensure optimal visibility without straining your eyes.
- **Maintenance:** Regularly inspect the prism sight for any signs of damage or wear. Do not use if damaged.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Mount the TRIHAWK 3X30MM Prism Sight securely to your firearm's rail system according to the manufacturer's instructions.
- Tighten the mounting screws to ensure stability, but avoid overtightening which may damage the sight or firearm.

### 2. Usage:

- Adjust the sight to your desired eye relief (2.36 inches) for comfortable viewing.
- Select the appropriate reticle illumination (red or green) based on your preference and lighting conditions.
- Familiarize yourself with the Trident reticle for quick target acquisition and mediumrange engagements.
- Practice using the sight in a safe environment before using it in a live shooting scenario.

## **Disposal Instructions**

- Dispose of the TRIHAWK 3X30MM Prism Sight and its components in accordance with local regulations.
- Do not dispose of batteries in household waste. Follow local guidelines for battery disposal or recycling.

## **Contact Information for Further Support**

For further assistance or inquiries regarding the TRIHAWK 3X30MM Prism Sight, please refer to the contact information provided by your retailer. They will be able to assist you with any productrelated questions or concerns.

By following these safety instructions, you can ensure a safe and enjoyable experience with your TRIHAWK 3X30MM Prism Sight. Thank you for your attention to safety.
