

# TRIHAWK 3X30MM PRISM SIGHT - SWAMPFOX OPTICS TRIHAWK 3X30MM GREEN IR MOA RETICLE PRISM SIGHT BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Red Dot Sights](#)

Trihawk is the 3x prism scope featuring a super wide, true ten-degree field of view. Looking through Trihawk, you'll see a 52ft field of view from edge to edge at 100 yards. Yet Trihawk still offers greater eye relief than comparable prism scopes from other brands. Trihawk's Trident reticle is great for fast acquisition up close while also providing capability for medium range engagements using either a 5.56/.308 BDC or MOA ladder. Choose from red or green glass etched "Shake 'N Wake" reticle illumination. If you are looking for a tough, compact, fixed power scope to do it all, look through a Trihawk--you'll be impressed by what you see. Eye Relief: 2.36"

# TRIHAWK 3X30MM PRISM SIGHT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the TRIHAWK 3X30MM Prism Sight by SWAMPFOX OPTICS. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new sight. Please read this manual carefully before use and keep it for future reference.

## General Safety Guidelines

- Always handle the sight with care to avoid damage.
- Ensure the sight is mounted securely before use.
- Regularly inspect the sight for any signs of wear or damage.
- Keep the sight away from moisture and extreme temperatures.
- Do not look directly at the sun through the sight to avoid eye damage.
- Use only the recommended battery type (CR123A) for optimal performance.
- Follow all local laws and regulations regarding the use of optical sights.

## Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using the sight, especially during shooting activities.
- **Age Restrictions:** This product is not intended for use by children. Ensure that only responsible adults operate the sight.
- **Battery Safety:**
  - Avoid shortcircuiting the battery.
  - Do not attempt to recharge nonrechargeable batteries.
  - Dispose of used batteries properly according to local regulations.
- **Mounting:** Ensure the sight is mounted on a compatible platform to prevent accidents during use.

## Instructions for Installation and Usage

### Installation

1. **Select a Compatible Firearm:** Ensure your firearm is compatible with the TRIHAWK 3X30MM Prism Sight.
2. **Mounting the Sight:**
  - Use the provided mounting hardware to securely attach the sight to your firearm.
  - Ensure the sight is level and aligned with the barrel.
  - Tighten all screws firmly but do not overtighten, as this may damage the sight.
3. **Battery Installation:**
  - Locate the battery compartment on the sight.
  - Insert the CR123A battery, ensuring the correct polarity is observed.
  - Close the battery compartment securely.

### Usage

1. **Adjusting the Reticle:**
  - Use the windage and elevation adjustments to align the reticle with your point of aim.
  - Make small adjustments and confirm alignment before finalizing settings.
2. **Illumination Settings:**
  - Activate the illumination feature to adjust brightness according to your environment.
  - Select from red or green options as preferred.

3. **Field of View:**

- The TRIHAWK offers a wide field of view. Practice acquiring targets within this field for improved accuracy.

4. **Eye Relief:** Maintain a distance of approximately 2.36 inches from your eye to the sight for optimal performance.

## Disposal Instructions

- Dispose of the TRIHAWK 3X30MM Prism Sight and its components in accordance with local waste disposal regulations.
- Remove the battery before disposal and recycle it according to local battery recycling guidelines.
- Do not dispose of the sight in regular household waste.

## Contact Information for Further Support

For any questions or concerns regarding the TRIHAWK 3X30MM Prism Sight, please refer to the manufacturer's website or customer service for assistance.

## Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your TRIHAWK 3X30MM Prism Sight. Always prioritize safety and responsible use when handling optical sights. Thank you for choosing SWAMPFOX OPTICS.
