

# HOSTILE ENGAGEMENT 45™ OFFSET REFLEX SIGHT MOUNT - SWAMPFOX OPTICS 30MM 1.6" 45 RMR SIGHT MOUNT, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Made from 7075-T6 aluminum and finished in matte black hardcoat, the Hostile Engagement Mount extends the center of the forward ring 2" beyond the edge of the 1913 Picatinny mounting surface. This configuration is perfect for LPVOs with generous eye relief, like Tomahawk and Arrowhead. Low profile T25 Torx bolts provide more clamping power than thumb nuts, while integrated recoil lugs ensure everything stays locked down. Built-in RMR footprint mounts at 45° angles are threaded 6-32x for installing an offset back up dot sight like Kingslayer, Liberty or Justice.

## Attributes

- Name: [SWAMPFOX OPTICS 30MM 1.6" 45 RMR SIGHT MOUNT, BLACK](#)
- Manufacturer: [SWAMPFOX OPTICS](#)

# Hostile Engagement 45™ Offset Reflex Sight Mount Safety Instructions

## Introduction

Thank you for choosing the Hostile Engagement 45™ Offset Reflex Sight Mount by Swampfox Optics. This product is designed to enhance your shooting experience by providing a reliable and adjustable mounting solution for your optics. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's guidelines.
- Inspect the product before each use to ensure it is in good working condition.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the Hostile Engagement Mount is compatible with your firearm and optics before installation.
- Avoid using the mount in extreme weather conditions that may affect its performance.
- Do not exceed the recommended torque specifications during installation to prevent damage.
- Always use appropriate eye protection when using firearms equipped with this mount.
- Be aware of your surroundings and ensure a safe shooting environment at all times.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a T25 Torx screwdriver.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps

- Locate the 1913 Picatinny mounting surface on your firearm.
- Align the Hostile Engagement Mount with the Picatinny rail, ensuring that the forward ring extends 2 inches beyond the edge.
- Secure the mount using the lowprofile T25 Torx bolts. Tighten them evenly to ensure a snug fit without overtightening.
- If using an offset backup dot sight, thread it onto the builtin RMR footprint at a 45° angle using the 632x screws provided.

### 3. Usage Guidelines

- Adjust your optics as needed for optimal eye relief and alignment.
- Regularly check the tightness of the mount and sight to ensure they remain secure during use.
- If you notice any movement or looseness, stop using the equipment immediately and recheck the installation.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling components where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the Hostile Engagement 45™ Offset Reflex Sight Mount, please consult the manufacturer's website or customer support resources. Ensure you have the product details at hand for a more efficient response.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your Hostile Engagement 45™ Offset Reflex Sight Mount. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
