

# ULOOP - BLUE FORCE GEAR ULOOP 1 WEBBING SLOT COYOTE BROWN

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

Sling hooks and clips are on borrowed time! The world no longer must tolerate loud, jangly sling attachments, hooks that eat up aluminum and plastic eyelets, or hardware pieces that take too long to attach and remove. With the Patent Pending ULoop finally on the scene, the hook and clip extinction event has begun. The Blue Force Gear ULoop™ brings a level of versatility that is unmatched by any other sling hardware. Code named the “Uber Loop” it is a quick-detach version of the popular Universal Wire Loop, offering even faster and easier installation, especially on smaller eyelets found on AK, HK, SIG, and FN weapons. The ULoop can be installed almost anywhere - through eyelets, holes in railed handguards, and on KeyMod rails. There’s no need to have multiple sling attachments. The ULoop replaces all hooks, clips, and connections. The ULoop can be installed in seconds and does not need to be removed from the sling. To release the wire, push the wire loop down towards the body. Then push the exposed crimp ball from the opposite side out of the locking channel. Pull the loose end of the cable out of the body. From there, the wire can be inserted through eyelets, loops on weapons, holes, or slots in rails / KeyMod. Simply push the loose end of the cable back into the ULoop body and snap the cable back into the locking channel. 1" size fits slings up to 1" wide 1.25" size fits slings up to 1.25" wide 1" wire loop measured from the base of sling loop to the top of loop

## Attributes

- Name: [BLUE FORCE GEAR ULOOP 1 WEBBING SLOT COYOTE BROWN](#)
- Manufacturer: [BLUE FORCE GEAR](#)
- Product no.: 100047811

# ULOOP BLUE FORCE GEAR ULOOP 1 WEBBING SLOT COYOTE BROWN Safety Instructions

## Introduction

Thank you for choosing the ULOOP BLUE FORCE GEAR ULOOP 1 WEBBING SLOT in Coyote Brown. This product is designed to enhance your tactical experience by providing a versatile and efficient sling attachment solution. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the ULOOP by following all instructions provided. This product is designed for tactical applications and should not be used for any unintended purposes.
- **Enhanced Recalls:** Stay informed about any potential recalls. If notified, cease use immediately and follow the instructions provided for returns or exchanges.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety requirements as per EU regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by the retailer.
- **Rapid Alerts:** Check the EU's Safety Gate platform regularly for updates regarding product safety.

## Specific Safety Precautions for Use

- **Installation Safety:** Ensure that the ULOOP is securely installed before use. Improper installation can lead to equipment failure or accidents.
- **Inspection:** Regularly inspect the ULOOP for any signs of wear, damage, or malfunction. Do not use if any issues are detected.
- **Weight Limit:** Do not exceed the recommended load limit for the ULOOP. Ensure that the weight of the attached equipment is within safe limits.
- **Environment:** Use the ULOOP in appropriate environments. Avoid exposure to extreme temperatures or harsh chemicals that could degrade the material.
- **Proper Use:** Use the ULOOP only for its intended purpose as a sling attachment. Avoid using it in ways that could compromise safety.

## Instructions for Installation and Usage

### 1. Installation Steps:

- Remove any existing sling attachments from your equipment.
- Insert the ULOOP through the eyelet, loop, or slot on your weapon or gear.
- Ensure that the ULOOP is properly seated and secured.
- To release the wire, push the wire loop down towards the body.
- Push the exposed crimp ball from the opposite side out of the locking channel.
- Pull the loose end of the cable out of the body.
- Reinsert the wire through the desired attachment point.
- Push the loose end back into the ULOOP body and snap the cable back into the locking channel.

### 2. Usage Guidelines:

- Ensure that the ULOOP is correctly attached before using your equipment.
- Regularly check the attachment during use to confirm that it remains secure.
- If you notice any issues, cease use immediately and inspect the ULOOP.

## **Disposal Instructions**

- Dispose of the ULOOP responsibly. Do not throw it in regular household waste.
- Check local regulations for proper disposal methods for tactical gear and plastic components.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the ULOOP BLUE FORCE GEAR ULOOP 1 WEBBING SLOT, please refer to the contact information provided by the retailer at the time of purchase. They will assist you with any inquiries related to safety, usage, or product issues.

By adhering to these safety instructions, you can enjoy the full benefits of the ULOOP while ensuring your safety and the safety of others. Thank you for your attention to these important guidelines.
