

# HUNTER DBM BOTTOM METALS - HAWKINS PRECISION HUNTER DBM BOTTOM METAL SHORT ACTION

[Rifle Parts](#) > [Receiver Parts](#) > [Bottom Metals](#)

The Hunter Detachable Box Magazine (DBM) bottom metal is designed for shooters that are looking for a flush mounted bottom metal that will accept flush magazines. The DBM is machined from a single piece of billet 6061 and features a patented cantilever spring release that will not open under heavy recoil. The magazine release is also adjustable, sleek and all but impossible to actuate accidentally. Long Action Hunter DBMs require gunsmithing in factory length factory Remington 700 actions and Zermatt Origins to accommodate the magazine COAL. The Hunter DBM is made to fit into an M5 inlet. It is available for Remington 700 actions, and all Remington 700 clones. Comes with pillars and action screws. / Long Action Magazine Compatibility: Hawkins Flush Hunter Magazines (will not work with CIP length AICS, MDT, or Accurate magazines) / Short Action Magazine Compatibility: Hawkins Flush Hunter Magazines / AICS 5 and 10 round 308 (3901 - 5 Round / 3902 - 10 Round

## PRECISION HUNTER DBM BOTTOM METAL SHORT ACTION

### Introduction

Thank you for choosing the Hunter Detachable Box Magazine (DBM) bottom metal. Designed for shooters seeking a flushmounted bottom metal that accommodates flush magazines, this product is crafted from a single piece of billet 6061 aluminum. It features a patented cantilever spring release mechanism that remains secure under heavy recoil. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your product.

### General Safety Guidelines

- Always read and understand these safety instructions before using the product.
- Ensure that the product is compatible with your firearm model.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or handling the DBM.
- Do not attempt to use the DBM with incompatible magazines or firearms.
- Avoid using the DBM if you notice any damage or improper function.
- Be cautious when adjusting the magazine release to prevent accidental activation.
- Always follow the manufacturer's guidelines for safe firearm handling.

### Instructions for Installation and Usage

#### Installation

1. Ensure the firearm is completely unloaded.
2. Remove the existing bottom metal from your firearm.
3. Align the Hunter DBM with the M5 inlet of your firearm.
4. Secure the DBM using the provided pillars and action screws, ensuring a tight fit.
5. Confirm that the magazine release functions correctly before use.

#### Usage

- Load the magazine with compatible Hawkins Flush Hunter Magazines or AICS 5 and 10 round 308 magazines.
- Ensure the magazine is seated properly in the DBM before using the firearm.
- Check the magazine release mechanism to ensure it operates smoothly without obstruction.
- After use, clean the DBM and inspect it for any signs of wear or damage.

### Disposal Instructions

- Dispose of the product responsibly, following local regulations for metal and firearm component disposal.
- Do not dispose of the product in regular household waste.
- Contact local recycling facilities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or support regarding the Hunter DBM Bottom Metal, please refer to the manufacturer's contact information provided in the product packaging or on their official website.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the Hunter DBM Bottom Metal!
