

M-BRACE SCOPE MOUNTS - AMERICAN RIFLE COMPANY 34MM 1.50" 10 MOA SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The M-BRACE Scope Mounting System embodies an evolutionary step taken from ARC's successful M10 Scope Rings that have served thousands of riflemen for over a decade. It is an engineered product standing alone in stark contrast to the conveniently designed gadgets for which engineering was never a consideration. NOTE: When attached to the far aft recoil slot in the picatinny rail on an action with 90 degree bolt rotation, the 32mm height M-BRACE serrated interface block may interfere with the bolt handle when opened. This issue can usually be avoided by moving the mount forward 1 slot in the picatinny rail. Torque spec: 6.2 Nm (55 in-lbs) on scope clamp and rail mount screws. Torque spec: 3.4 Nm (30 in-lbs) on bubble level screw.

Attributes

- Name: [AMERICAN RIFLE COMPANY 34MM 1.50" 10 MOA SCOPE MOUNT BLACK](#)
- Manufacturer: [AMERICAN RIFLE COMPANY](#)
- Product no.: 100050418
- Mfr. No.: MB-M-34-38-10
- Elevation: 10 MOA
- Finish: Black
- Height: 1.50"
- Scope Tube Diameter: 34mm
- Style: Picatinny
- Delivery weight: 0.404kg
- Shipping height: 89mm
- Shipping width: 76mm
- Shipping length: 140mm
- UPC: 810094450380

MBRACE Scope Mount Safety Instruction Guide

Introduction

Thank you for choosing the MBRACE Scope Mount by American Rifle Company. This guide provides important safety information and instructions for the proper use and installation of your scope mount. Please read this guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the MBRACE Scope Mount is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and usage.
- Regularly check the mount for any signs of wear or damage before each use.
- Keep the product out of reach of children and vulnerable individuals.
- In case of any malfunction or damage, stop using the product immediately and seek assistance.

Specific Safety Precautions for Use

• Hazard Identification:

- Risk of interference with the bolt handle when using the mount at the far aft recoil slot on actions with 90degree bolt rotation.

• Instructions for Avoiding Hazards:

- If you notice interference with the bolt handle, move the scope mount forward by one slot in the picatinny rail.
- Ensure that the torque specifications are adhered to during installation:
- Scope clamp and rail mount screws: 6.2 Nm (55 inlbs)
- Bubble level screw: 3.4 Nm (30 inlbs)

• AgeSpecific Warnings:

- This product is not intended for use by children. Ensure that it is used only by responsible adults.

Instructions for Installation and Usage

1. Installation Steps:

- Select the appropriate picatinny rail on your firearm.
- Position the MBRACE Scope Mount at the desired location.
- Ensure the mount is aligned properly with the scope.
- Tighten the scope clamp and rail mount screws to the specified torque of 6.2 Nm (55 inlbs).
- Install the bubble level screw and tighten it to a torque of 3.4 Nm (30 inlbs).

2. Usage Tips:

- Regularly check the tightness of all screws and fittings during use.
- Familiarize yourself with the operation of your firearm and scope to ensure safe handling.

3. PostInstallation Checks:

- After installation, conduct a thorough inspection to confirm that the mount is securely attached and functioning correctly.

- Test the scope alignment and ensure that there is no interference with the bolt handle during operation.

Disposal Instructions

- Dispose of the MBRACE Scope Mount in accordance with local regulations.
- Do not dispose of the product in household waste. Check with local authorities for proper disposal methods for electronic and metal components.

Contact Information for Further Support

For any questions or concerns regarding the MBRACE Scope Mount, please refer to the manufacturer's website or contact customer support for assistance.
