

M-BRACE SCOPE MOUNTS - AMERICAN RIFLE COMPANY 35MM 1.50" 20 MOA SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The M-BRACE Scope Mounting System embodies an evolutionary step taken from ARC's successful M10 Scope Rings that have served thousands of riflemen for over a decade. It is an engineered product standing alone in stark contrast to the conveniently designed gadgets for which engineering was never a consideration. NOTE: When attached to the far aft recoil slot in the picatinny rail on an action with 90 degree bolt rotation, the 32mm height M-BRACE serrated interface block may interfere with the bolt handle when opened. This issue can usually be avoided by moving the mount forward 1 slot in the picatinny rail. Torque spec: 6.2 Nm (55 in-lbs) on scope clamp and rail mount screws. Torque spec: 3.4 Nm (30 in-lbs) on bubble level screw.

Attributes

- Name: [AMERICAN RIFLE COMPANY 35MM 1.50" 20 MOA SCOPE MOUNT BLACK](#)
- Manufacturer: [AMERICAN RIFLE COMPANY](#)
- Product no.: 100050427
- Mfr. No.: MB-M-35-38-20
- Elevation: 20 MOA
- Finish: Black
- Height: 1.50"
- Scope Tube Diameter: 35mm
- Style: Picatinny
- Delivery weight: 0.404kg
- Shipping height: 89mm
- Shipping width: 76mm
- Shipping length: 140mm
- UPC: 810094450472

MBRACE Scope Mount Safety Instructions

Introduction

Thank you for choosing the MBRACE Scope Mount from American Rifle Company. This guide provides essential safety instructions and usage guidelines to ensure your product is used safely and effectively. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Regularly inspect the scope mount for any signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Use the scope mount only with compatible rifles and equipment.
- Follow all local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper installation may result in scope misalignment or failure.
- Using the mount with incompatible equipment can lead to accidents.
- The mount may interfere with the bolt handle when improperly positioned.

• Avoiding Hazards:

- Always ensure the mount is securely attached before use.
- Do not exceed the specified torque values during installation.
- If you notice any interference with the bolt handle, adjust the mount position forward as recommended.

• Age Specific Warnings:

- This product is not intended for use by individuals under 18 years of age without adult supervision.

Instructions for Installation and Usage

1. Installation:

- Ensure your rifle is unloaded and pointed in a safe direction before installation.
- Select the appropriate slot on the picatinny rail for mounting.
- Attach the MBRACE scope mount using the provided screws.
- Torque the scope clamp and rail mount screws to 6.2 Nm (55 inlbs).
- Torque the bubble level screw to 3.4 Nm (30 inlbs).
- Check that the mount is securely fastened.

2. Usage:

- After installation, verify that the scope is properly aligned.
- If using on an action with a 90degree bolt rotation, ensure the mount does not interfere with the bolt handle.
- If interference occurs, reposition the mount forward by one slot on the rail.

Disposal Instructions

- Dispose of the product in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For further assistance or safety inquiries regarding the MBACE Scope Mount, please refer to the manufacturer's contact information provided with your product packaging. Always ensure you have the latest safety updates and information.

By following these guidelines, you can ensure a safe and enjoyable experience with your MBACE Scope Mount. Thank you for your attention to safety and responsible usage.
