

# SLATE STOP M-LOK - SLATE BLACK INDUSTRIES SLATE STOP M-LOK SLATE GREY

[Rifle Parts](#) > [Grip Parts](#) > [Foregrips](#)

The Slate Stop is a drop in/screw-on upgrade for any grip, rail or any in-spec MLOK compatible system. Unlike other angled hand-stops, the Slate Stop's unique design presents the user with multifaceted implementation methods. Designed by military and competition shooters, the shapes and angles of the Slate Stop are optimized to improve the user's ability to control recoil, gain stability while shooting on barricades or objects, and comfortably carry and move the firearm while not actively employing it. Beyond this, the base principle of ensuring the user's hand does not slip, specifically in front of the muzzle, remains a core element of the product. The Slate Stop boasts high temperature resistance, full MLOK lugs, and steel hardware to ensure the upmost level of durability. The Slate Stop interphases directly with the SBI Slate Grips to present the best possible grip and profile for the user. SBI's FDE is a "peanut-butter" brown, and ODG is a direct match for Magpul's coloration. Sometimes photography may show it in a skewed color depending on the studio lights used. Material: fiber reinforced high-temp polymer. [Size: 1.34in tall]

# Slate Stop Safety Instruction Guide

## Introduction

Thank you for choosing the Slate Stop MLOK by Slate Black Industries. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure the Slate Stop is compatible with your grip, rail, or MLOK compatible system to avoid any installation issues.
- Always handle firearms safely and responsibly. Follow all local laws and regulations regarding firearm use.
- Keep the Slate Stop out of reach of children and vulnerable individuals to prevent accidental injuries.
- Regularly inspect the Slate Stop for wear and damage. Do not use if any parts are compromised.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Recoil Control:** The Slate Stop is designed to assist in recoil management. Ensure proper grip and positioning to maximize control.
- **Muzzle Awareness:** Always be aware of the muzzle direction. The design of the Slate Stop aims to prevent hand slippage in front of the muzzle.
- **Installation Safety:** Use proper tools and follow installation instructions to prevent injury or damage to the product.
- **Environmental Conditions:** Avoid using the Slate Stop in extreme temperatures or environments that may compromise its integrity.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded and safe before beginning installation.
- Identify the MLOK slots on your rail.
- Align the Slate Stop with the desired MLOK slot.
- Insert the Slate Stop into the slot and secure it using the provided screws and hardware.
- Tighten the screws firmly but do not overtighten to avoid damaging the product.

### 2. Usage:

- Once installed, grip the Slate Stop firmly while shooting to enhance stability and control.
- Practice using the Slate Stop in a safe environment to become familiar with its functionality.
- Always maintain proper firearm handling practices while using the Slate Stop.

## Disposal Instructions

- Dispose of the Slate Stop in accordance with local regulations for plastic waste.
- Do not incinerate the product, as it may release harmful substances.
- If the product is damaged beyond repair, ensure it is disposed of safely to prevent accidental injury.
