

MULTIDIRECTIONAL PICATINNY RAIL COVER W/CABLE MANAGEMENT SYSTEM - STRIKE INDUSTRIES MULTIDIRECTIONAL RAIL COVER W/CABLE MANAGEMENT SYSTEM 6PK

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Rail Covers](#)

The Strike Multidirectional Picatinny Rail Cover with Cable Management utilizes the patent pending SI Cable Management System® (CMS) function which enables you to organize and store excess wire from your weapon light or any other cabled accessories while adding a positive tactile feeling. Also protect your Pic rail from damage and protect your hand or thumb from sharp Pic rail edges. Instead of tucking wire anywhere you can and using cable ties or tape to hold it down, this simple and cost-effective solution for messy wires gives you a way to route and/or contain loose wire up to 3.5mm (0.14") diameter inside the cover cavity. Cables can be routed alongside the Pic rail, alongside, U-shape, Z-shape or across to the other side. Designed to be a low-profile (9.43mm (0.37") height) and used in any orientation, this cover protects your hand or thumb and has a textured surface which gives the shooter more control while handling or firing of the weapon. Made of durable and lightweight SI PolyFlex material, the cover only uses two (x2) Pic rail sections making it a compact and quick upgrade for the shooters hands while organizing and routing cables just about any way you want on a Pic rail. Available in a 6-pack, the Strike Multidirectional Picatinny Rail Cover with Cable Management will accessorize multiple Picatinny rails or weapons to not only add more weapon control but look good with wire management that is a quick installation and removal.

Safety Instruction Guide for the Strike Multidirectional Picatinny Rail Cover with Cable Management System

Introduction

Thank you for choosing the Strike Multidirectional Picatinny Rail Cover with Cable Management System. This product is designed to enhance your weapon's functionality while ensuring safety and ease of use. Please read this safety instruction guide carefully to understand how to use and maintain the product safely.

General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the instructions provided.
- Regularly inspect the rail cover for any signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.
- Always adhere to local laws and regulations regarding the use of weapon accessories.
- In case of any safety concerns, report unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the Picatinny rail surface is clean and free from debris before installation.
- Avoid overtightening the rail cover, as this may damage the rail or the cover itself.
- Be cautious when routing cables to avoid pinching or damaging them, which could lead to malfunction.
- Do not use the rail cover if it shows signs of damage or if the cable management system is not functioning properly.
- Always handle your weapon with care and ensure it is unloaded when installing or adjusting accessories.

Instructions for Installation and Usage

Installation

1. **Prepare the Picatinny Rail:** Clean the rail surface to ensure proper adhesion and fit.
2. **Position the Rail Cover:** Align the rail cover with the desired section of the Picatinny rail.
3. **Secure the Cover:** Press down firmly to ensure a snug fit. Ensure it is securely attached without gaps.
4. **Route Cables:** Use the SI Cable Management System® to route excess wires. Ensure that cables are contained within the cover cavity and do not interfere with the operation of the weapon.

Usage

- The rail cover can be used in any orientation. It is designed to provide a lowprofile height of 9.43mm (0.37 inches).
- Utilize the textured surface for enhanced grip while handling or firing the weapon.
- Regularly check the cable management system to ensure it is functioning correctly and that no cables are exposed or at risk of damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding plastic waste.
- Do not incinerate the product, as it may release harmful substances.
- If the product is damaged beyond use, ensure it is recycled or disposed of in a manner that minimizes environmental impact.

Contact Information for Further Support

For any inquiries or concerns regarding the Strike Multidirectional Picatinny Rail Cover with Cable Management System, please refer to the manufacturer's website or customer support resources for assistance.
