

CZ SCORPION EVO STOCK ADAPTER WITH QD FUNCTION - STRIKE INDUSTRIES CZ SCORPION EVO STOCK ADAPTER W/QD FUNCTION BLACK

[Rifle Parts](#) > [Stock Parts](#) > [Stock Hardware](#) > [Adapter](#)

The Strike Industries quick detach stock adapter for the CZ Scorpion EVO 3 is an upgrade to the traditional stock adapter, allowing full height adjustability using the 3 picatinny sections included in the rear of the stock plate. This allows the operator to select from different eye relief positions, and adjust on the go with the included hex screw, simply untighten and slide into the preferred position. Also included is a quick detach point for any sling to be mounted under the stock adapter. The Stock adapter requires no tools to install, and simply slides over the stock adapter detent button to lock into place. Designed to integrate seamlessly into the CZ Scorpion EVO body, having the same beveled lines and contour.

CZ Scorpion EVO Stock Adapter Safety Instructions

Introduction

Thank you for choosing the Strike Industries CZ Scorpion EVO Stock Adapter with QD Function. This product is designed to enhance your shooting experience by providing adjustable height and a quick detach point for slings. It is essential to follow safety guidelines and instructions to ensure the safe and effective use of this product.

General Safety Guidelines

- Always handle firearms and accessories with care and respect.
- Ensure that the stock adapter is compatible with your CZ Scorpion EVO model before installation.
- Regularly inspect the stock adapter for signs of wear or damage.
- Do not use the stock adapter if it appears damaged or malfunctioning.
- Keep the stock adapter out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before attaching or detaching the stock adapter.
- Avoid placing any part of your body near the stock adapter when adjusting it.
- Always check that the stock adapter is securely locked in place before use.
- Be aware of your surroundings when using the firearm with the stock adapter.
- Do not exceed the weight limit for the sling attachment point to prevent failure.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure the firearm is unloaded and safe to handle.
2. **Align the Adapter:** Position the stock adapter over the stock detent button.
3. **Slide into Place:** Gently slide the stock adapter down until it locks into place over the detent button.
4. **Check Security:** Ensure the adapter is securely attached by pulling gently on it.

Adjusting Height

1. **Loosen Hex Screw:** Use the included hex screw to loosen the adjustment mechanism.
2. **Select Position:** Slide the stock adapter to your preferred height for eye relief.
3. **Tighten Hex Screw:** Once in position, tighten the hex screw to secure the adapter.

Sling Attachment

1. **Locate Quick Detach Point:** Identify the quick detach point under the stock adapter.
2. **Attach Sling:** Connect your sling to the quick detach point, ensuring it is secure.

Disposal Instructions

- Dispose of the stock adapter and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Check for local recycling programs for metal products.

Contact Information for Further Support

For any safety inquiries or product concerns, please refer to the manufacturer's website or customer service resources.

By following these instructions and guidelines, you can ensure the safe and effective use of your Strike Industries CZ Scorpion EVO Stock Adapter. Thank you for your attention to safety!
