# Safety Instructions for POWDER THRU HANDGUN DIES LEE PRECISION 38 SPECIAL POWDER THRU DIE

## Introduction

Thank you for choosing the Lee Precision 38 Special Powder Thru Die. This product is designed to charge the case while expanding the case mouth, ensuring efficient reloading. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

## General Safety Guidelines

- Always handle reloading equipment with care and follow all safety instructions.
- Ensure that you are familiar with your reloading equipment and its operation before use.
- Store all reloading components, including dies, in a secure place out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling powders and ammunition components.
- Regularly inspect your equipment for any signs of wear or damage before use.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Risk of explosion if improper powders are used.
- Risk of injury from sharp edges or moving parts.

### • Avoiding Hazards:

- Only use powders that are specifically designed for the cartridge you are loading.
- Do not exceed recommended charge weights as indicated in reloading manuals.
- Keep your workspace clean and organized to prevent accidents.
- Do not allow any distractions while reloading.

### • Age Specific Warnings:

- This product is intended for use by individuals aged 18 and older.
- Ensure that minors are supervised by a responsible adult when using this product.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted to a stable surface.
- Insert the Lee Powder Thru Die into the press according to the manufacturer's instructions.
- Attach the powder funnel adapter, Auto Disk, or Pro Auto Disk Powder Measure as needed.

### 2. Usage:

- Prepare your casings by cleaning and inspecting them for damage.
- Set your desired powder charge using the powder measure.
- Place the casing in the die and operate the press to expand the casing mouth and charge it with

- powder simultaneously.
- Always doublecheck the powder charge before seating the bullet to ensure it is correct.

## **Disposal Instructions**

- Dispose of any unused or expired powders according to local regulations.
- Do not throw powders or ammunition components in the regular trash.
- Contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding this product, please reach out to your local retailer or the manufacturer directly. They can provide you with the most accurate and relevant information.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the Lee Precision 38 Special Powder Thru Die. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important safety measures.
