# 45 COLT PRO 1000 PRESS Safety Instruction Guide

## Introduction

Thank you for purchasing the 45 Colt Pro 1000 Press. This guide provides essential safety instructions to ensure the safe and effective use of your reloading equipment. Please read and follow these guidelines carefully to avoid potential hazards and ensure a safe reloading experience.

## General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and hearing protection, when using the press.
- Keep the reloading area clean and organized to prevent accidents.
- Store all components, including powder and primers, in a secure location away from children and pets.
- Ensure proper ventilation in the reloading area to avoid inhalation of dust or fumes.
- Do not exceed the recommended load specifications for any cartridge.
- Be aware of your surroundings and avoid distractions while reloading.
- Always doublecheck your setup before starting the reloading process.
- Report any unsafe products or incidents to the relevant authorities immediately.

## Specific Safety Precautions for Use

### • Cartridge Handling:

- Only use cartridges that are compatible with your press (45 Colt).
- Inspect all cases for damage before reloading.

### • Powder Handling:

- Use only the recommended powder types for your specific loads.
- Avoid mixing different types of powders.

### • Priming System:

- Ensure the priming system is properly set up before use.
- Use only the specified primers for your reloading needs.

### • Press Operation:

- Do not place your hands or any other body part near moving parts during operation.
- Always keep the press securely mounted to a stable surface.

### • Emergency Procedures:

- In case of a malfunction, stop using the press immediately and consult the troubleshooting section of the manual.
- Keep a fire extinguisher rated for flammable materials nearby.

## Instructions for Installation and Usage

### 1. Installation:

- Choose a stable workbench or surface for mounting the press.
- Use the provided bolts to securely attach the press to the work surface.
- Ensure that the press is level and stable before use.

## 2. **Setup:**

- Install the Breech Lock dies into the Smart Lock bushings.
- Color code the bushings for easy identification.
- Set up the Auto Drum Powder Measure according to the manufacturer's instructions.

## 3. **Reloading Process:**

- Insert the appropriate shell plate (#14) into the press.
- Load cases into the shell plate and ensure they are positioned correctly.
- Follow the steps for priming, powder dispensing, and bullet seating as outlined in the manual.
- Monitor the operation continuously and make adjustments as necessary.

## 4. **Finishing:**

- Once reloading is complete, remove all components from the press.
- Store completed rounds in a safe and secure location.

## **Disposal Instructions**

- Dispose of any unused powder and primers according to local regulations.
- Do not dispose of reloading materials in regular household waste.
- Check with local authorities for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the 45 Colt Pro 1000 Press, please refer to the manufacturer's contact information provided in the product packaging or manual.

Thank you for prioritizing safety while using your reloading equipment. Enjoy your reloading experience!
