

T3/T3X G2 BILLET MAGS - MOUNTAIN TACTICAL T3/T3X G2 BILLET MAGS 3 RD SA

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

After the overwhelming success of the Gen1 Billet Tikka Magazines, the Mountain Tactical team went back to the drawing board to make this Tikka staple even better. Using feedback from our worldwide network of customers who use these mags in virtually every condition possible, they went to work implementing the changes they requested. Based on this feedback, Mountain Tactical is excited to introduce the Mountain Tactical Company Gen2 Billet Magazines for the Tikka T3/T3x rifle system. These magazines are 33% lighter than their Gen1 counterparts. They also feature smoother feeding and positive ejection. Additionally, the team was able to create a reliable feeding geometry that allows the long action magazine to feed 30-06 based cartridges, short magnum cartridges, and belted magnums all from the same magazine. This eliminates confusion for owners of multiple rifles. One magazine can feed all their long action Tikka T3 or T3x rifles. While we were updating the features and geometry of this magazine, we also had the opportunity to update our manufacturing processes. We passed on the cost savings of the lower machining cost with a 12.5% reduction in price compared to the Gen1 mags. Simply put, these are the finest Tikka T3 or Tikka T3x magazines available. Since the Tikka T3 and T3x were released, Tikka Shooters have complained about the plastic magazines included with the rifle. Other companies have released billet magazines, but the cost is prohibitive for most Tikka owners. Mountain Tactical Company has created an affordable magazine for the Tikka community. Construction: The Mountain Tactical Company Gen2 Billet Magazine bodies are cut from aerospace grade billet aluminum and hard anodized for a lifetime of service. The magazine followers are machined from Delrin, a self-lubricating thermo-polymer typically reserved for precision applications requiring high lubricity while retaining superior solvent and chemical resistance. One of the key components is a quality magazine spring. Going cheap would create a magazine that would fatigue over time and fail in the field. Mountain Tactical has chosen to have custom 17-7 PH stainless steel springs manufactured. 17-7 PH is an amazing material designed for the aerospace industry when intricate parts require low distortion over time and temperature changes. Additionally, it has phenomenal corrosion resistance and retains its mechanical properties under substantial stress. Specifications: Magazine Material - 6061 Aircraft Grade Aluminum Mag Catch Finish - Mil Spec Hard Anodized Magazine Follower - Delrin Magazine Spring - 17-7 Stainless Steel 3-Round - 2.1 ounces / 59 grams Long Action Magazine: Belted Magnum Cartridges 30-06 family of cartridges i.e. .270 Winchester, .280 Remington, etc. Short Mag family of cartridges Nosler Magnum family of cartridges 6.5x55se based cartridges Standard - 3 rounds COAL - 3.4 inches Compatible with Tikka T3 and Tikka T3x platforms

Safety Instruction Guide for T3/T3X G2 Billet Magazines

Introduction

Thank you for choosing the T3/T3X G2 Billet Magazines by Mountain Tactical. This guide provides important safety instructions to ensure the safe use and handling of your magazines. Please read and understand these guidelines before using the product.

General Safety Guidelines

- **Product Safety:** Ensure that you use the T3/T3X G2 Billet Magazines in accordance with the manufacturer's instructions to avoid any risks associated with improper use.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. In case of a recall, follow the provided instructions for a safe remedy.
- **Online Shopping:** If you purchased this product online, ensure that the retailer complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored in a safe location away from minors.
- **EU Contact Point:** For any safety inquiries, please refer to the appropriate EU-based contact point.
- **Rapid Alerts:** Check the EU's Safety Gate platform regularly for updates on product safety.

Specific Safety Precautions for Use

- **Check Compatibility:** Ensure that the magazines are compatible with your Tikka T3 or T3x rifle systems.
- **Inspect Before Use:** Always inspect the magazines for any signs of damage or wear before use. Do not use damaged magazines.
- **Proper Handling:** Handle the magazines with care. Avoid dropping them or subjecting them to extreme conditions that may affect their integrity.
- **Loading and Unloading:** Follow the manufacturer's instructions for loading and unloading cartridges. Always ensure the rifle is pointed in a safe direction.
- **Avoid Overloading:** Do not exceed the specified capacity of 3 rounds. Overloading can cause malfunction or damage to the magazine.
- **Store Safely:** Store the magazines in a cool, dry place away from direct sunlight and moisture. Ensure they are kept out of reach of children.

Instructions for Installation and Usage

1. Loading the Magazine:

- Ensure the magazine is clean and free of obstructions.
- Hold the magazine with the follower facing up.
- Insert cartridges into the magazine one at a time, ensuring they are properly aligned.
- Do not force cartridges into the magazine.

2. Inserting the Magazine into the Rifle:

- Ensure the rifle is pointed in a safe direction and is on safe mode.
- Align the magazine with the magazine well of the rifle.
- Push the magazine firmly into place until it clicks.

3. Unloading the Magazine:

- Ensure the rifle is pointed in a safe direction.
- Press the magazine release button to detach the magazine from the rifle.
- Remove cartridges from the magazine by pushing the follower down and removing each cartridge.

4. **Maintenance:**

- Clean the magazine regularly to ensure optimal performance.
- Use a soft cloth to wipe down the exterior and a brush for the interior if necessary.
- Avoid using harsh chemicals that may damage the magazine.

Disposal Instructions

- **Recycling:** When disposing of the magazine, consider recycling it if possible. Check local regulations for recycling aluminum products.
- **Safe Disposal:** If the magazine is damaged beyond repair, dispose of it safely to prevent any potential hazards. Follow local waste management guidelines for disposal of metal products.

Contact Information for Further Support

For any questions or concerns regarding the T3/T3X G2 Billet Magazines, please refer to the official Mountain Tactical website or contact your retailer for assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority. Enjoy your experience with the T3/T3X G2 Billet Magazines!
