

T3/T3X GEN 2 BOTTOM METAL - MOUNTAIN TACTICAL T3/T3X GEN2 BOTTOM METAL

[Rifle Parts](#) > [Receiver Parts](#) > [Bottom Metals](#)

Things keep getting better and better! The Mountain Tactical Gen2 Bottom Metal includes updates based on customer feedback. The trigger guard has been rounded to eliminate hard corners that could cause discomfort while shooting. Pulling design cues from classic, American bolt action rifles, the Mountain Tactical Company Tikka Bottom Metal a great addition to any factory Tikka T3 or T3x! The purpose of the Tikka T3 OEM replacement bottom metal is to get rid of another piece of plastic on the rifle that is prone to flexing which causes some of Tikka's magazines to get stuck in the magwell or shooters to have flyers compromising accuracy. The Trigger Guard has been enlarged making it safer to shoot the rifle with gloves. Additionally, we widened the trigger guard a little to enhance the safety of the rifle by making it more difficult to accidentally discharge the rifle while eliminating some sympathetic muscle movement upon trigger pull. No gunsmithing is necessary for installing and it is compatible with all models of Tikka T3 EXCEPT the latest generation of CTR which uses the TRG22 magazine system. Proudly Made in Montana! Specifications: Material - 6061 Aerospace Grade Aluminum Finish - Mil-Spec Hard Anodized Black Weight - 2.2 ounces

Attributes

- Name: [MOUNTAIN TACTICAL T3/T3X GEN2 BOTTOM METAL](#)
- Manufacturer: [MOUNTAIN TACTICAL](#)

T3/T3X GEN 2 Bottom Metal Safety Instruction Guide

Introduction

Thank you for choosing the T3/T3X GEN 2 Bottom Metal from Mountain Tactical. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before using the bottom metal.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care and follow general firearm safety rules.
- Keep the product and all related equipment out of reach of children and unauthorized users.
- Regularly inspect the bottom metal for any signs of wear or damage.
- If you suspect any issues, cease use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- Always ensure the rifle is unloaded before installing or modifying the bottom metal.
- Wear appropriate safety gear, such as eye protection, while handling firearms.
- Avoid using the bottom metal in extreme conditions that may affect its performance.
- Do not attempt to modify the bottom metal beyond the manufacturer's specifications.
- Be aware of the trigger guard's design changes to prevent accidental discharges, especially when wearing gloves.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Gather necessary tools for installation (if required).

2. Installation Steps:

- Remove the existing bottom metal from the Tikka T3 or T3x rifle.
- Align the new T3/T3X GEN 2 Bottom Metal with the rifle's magwell.
- Secure the bottom metal in place according to the manufacturer's instructions.
- Verify that the trigger guard is properly positioned and functions correctly.

3. Usage:

- Load the rifle only when you are prepared to shoot.
- Always check that the magazine is seated correctly in the magwell.
- Maintain a firm grip on the rifle while shooting to avoid any movement that could affect accuracy.

Disposal Instructions

- Dispose of the bottom metal in accordance with local regulations.
- Recycle materials when possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the T3/T3X GEN 2 Bottom Metal, please refer to the manufacturer's website or customer support resources provided with your product.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your T3/T3X GEN 2 Bottom Metal. Thank you for your attention to safety!
