

.350 CALIBER PULSE COMPENSATOR FOR AR-15 - ULTRADYNE USA PULSE COMPENSATOR, .350 CAL, 1/2X28 THREADS

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Keep your 350 Legend Grounded

The Ultradyne Pulse Compensator, .350 Cal, ½"x28 threads keeps gases out of your line of sight, and the muzzle where you want it, on your target. By directing the gases down and away from the shooter and line of sight the shooting window stays clear, but it also helps keep the muzzle rise under control so follow-up shots arrive quickly and accurately. The Ultradyne Pulse Compensator for your 350 Legend is installed incredibly easily, thanks to the timing nut that is included. Designed to work with your .350 Legend with threaded barrel ½"x28 threads 416 stainless steel with black nitride finish The Ultradyne Pulse Compensator may be compact, but the performance enhancement is massive!

Safety Instruction Guide for the .350 Caliber Pulse Compensator for AR15

Introduction

Thank you for choosing the Ultradyne .350 Caliber Pulse Compensator for your AR15. This guide provides essential safety information and instructions for the proper use and installation of your compensator. Please read this guide thoroughly to ensure safe operation and compliance with EU regulations.

General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Be aware of potential hazards associated with the use of firearms and accessories.
- Always handle firearms responsibly and with caution.
- Keep the compensator and all firearms out of reach of children and unauthorized users.
- Regularly inspect the compensator for any signs of damage or wear.
- If the compensator appears damaged, do not use it until it has been inspected and repaired by a qualified professional.
- Report any unsafe products or accidents to local authorities.
- Stay updated on recall information via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Ensure that the firearm is unloaded before installing or adjusting the compensator.
- Confirm that the compensator is compatible with your firearm's specifications (1/2"x28 threads).
- Avoid using the compensator in conditions that could lead to misfires or accidental discharges.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not modify the compensator or use it in a manner not intended by the manufacturer.

Instructions for Installation and Usage

Installation

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including the timing nut provided with the compensator.

2. Installation Steps:

- Remove the existing muzzle device from your firearm, if applicable.
- Clean the threads of the barrel to ensure a secure fit.
- Align the compensator with the barrel threads (1/2"x28).
- Handtighten the compensator onto the barrel.
- Use the timing nut to secure the compensator in place, ensuring it is properly timed according to your shooting preferences.
- Confirm that the compensator is firmly attached and does not wobble.

3. Final Check:

- Inspect the installation to ensure everything is secure.
- Test the firearm in a safe environment to confirm proper function.

Usage

- When using the compensator, maintain a proper shooting stance to maximize its benefits.
- Pay attention to the direction of gas flow to ensure a clear line of sight.
- Monitor muzzle rise and adjust your shooting technique as necessary for optimal performance.

Disposal Instructions

- Dispose of the compensator in accordance with local regulations.
- Do not dispose of the compensator in regular household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For further support and inquiries regarding safety, installation, or usage of the .350 Caliber Pulse Compensator, please refer to the manufacturer's contact points or visit their official website.

Thank you for prioritizing safety while using your Ultradynne .350 Caliber Pulse Compensator. Enjoy your shooting experience responsibly!
