

PMAG D50 GL9 MAGAZINE FOR GLOCK® - MAGPUL PMAG D-50 GL9 9MM LUGER DRUM 50RD FOR GLOCK BLACK

[Magazines](#) > [Handgun Magazines](#) > [Magazines](#)

A Drum Magazine for Your Glock Handguns

With Magpul's D-50 GL9 magazine, you won't have to complain about sore thumbs from reloading magazines, because most of your range session will fit into this bad boy. This 50-round drum magazine has been optimized for use on Glock handguns, and it's been built with the features from the company's other 9mm drum magazines, ensuring that you get the best possible performance while keeping that trigger finger happy. The Magpul D-50 GL9 includes an increased feed-tower length, which makes it compatible with today's popular Glock models. The unique design of the drum makes the overall size of the unit more manageable, and there's a ratcheting mechanism for loading that saves your fingers when reloading 50 rounds. You can keep an eye on the number of rounds you have remaining, thanks to the rear round-count window and a rolling capacity indicator. The design will also lock your slide back, thanks to the built-in bolt hold-open device. Magpul warns that users of the D-50 GL9 magazine with Gen 1-3 Glocks will likely need a new factory magazine release installed to support the drum's weight. Gen 4 Glocks will need a strengthened aftermarket magazine release, and all models may need a new extra-power recoil spring to ensure reliability. Use of the D-50 GL9 in pistol-caliber carbines is also not recommended, because of the height of the feed tower.

Attributes

- Name: [MAGPUL PMAG D-50 GL9 9MM LUGER DRUM 50RD FOR GLOCK BLACK](#)

PMAG D50 GL9 Magazine Safety Instruction Guide

Introduction

Thank you for choosing the PMAG D50 GL9 Magazine for your Glock handgun. This guide provides essential safety instructions to ensure the safe and effective use of your magazine. Please read and follow these instructions carefully to avoid any hazards and to comply with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always treat every firearm and magazine as if they are loaded.
- Store the magazine in a secure location, away from children and unauthorized users.
- Regularly inspect the magazine for signs of wear or damage before use.
- Use only compatible Glock models with the PMAG D50 GL9 magazine.
- Do not exceed the specified capacity of 50 rounds.
- Ensure that the magazine is properly seated in the firearm before use.
- Follow all local laws and regulations regarding the use of firearms and ammunition.

Specific Safety Precautions for Use

- **Loading:**
 - Use the ratcheting mechanism to load rounds, which will help prevent finger fatigue and injury.
 - Avoid forcing rounds into the magazine, as this may cause jams or malfunctions.
- **Compatibility:**
 - Users of Gen 13 Glockes may need a new factory magazine release to support the drum's weight.
 - Gen 4 Glockes may require a strengthened aftermarket magazine release.
 - All models may need an extrapower recoil spring for reliable operation.
- **Use in Pistol/Caliber Carbines:**
 - The PMAG D50 GL9 is not recommended for use in pistol/caliber carbines due to the height of the feed tower.
- **Monitoring Rounds:**
 - Use the rear roundcount window and rolling capacity indicator to keep track of the number of rounds remaining.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded before installing the magazine.
- Align the magazine with the magazine well of your Glock handgun.
- Push the magazine firmly into the magazine well until it clicks into place.

2. Usage:

- After ensuring the firearm is in a safe condition, load the magazine using the ratcheting mechanism.
- Insert the loaded magazine into the firearm and ensure it is secure.

- To fire, ensure the safety is disengaged and pull the trigger as per standard firearm operation.
- After use, remove the magazine from the firearm and store it safely.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations.
- Do not dispose of the magazine in regular household waste.
- If the magazine is damaged or no longer functional, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the PMAG D50 GL9 magazine, please refer to the manufacturer's website or contact their customer support team. It is important to have access to reliable information and assistance regarding your product.

Conclusion

By following these safety instructions and guidelines, you can ensure the safe and effective use of your PMAG D50 GL9 magazine. Always prioritize safety and stay informed about your product to enjoy a secure shooting experience.
