

PIVOT SUNGLASSES - MAGPUL GLASSES TORTOISE FRAME/BRONZE LENS W/BLUE MIRROR POLARIZED

[Shooting Accessories](#) > [Apparel](#) > [Accessories](#) > [Glasses](#)

The Pivot is a casual design based on Magpul's Explorer model, merging high performance with casual style in a fit that suits small to medium faces. Its lightweight frame, low profile temples, and impact-resistant lens and frame combination are casual enough for everyday use. The Pivot's frames are constructed from TR90NZZ, the strongest thermoplastic material available for eyewear and, combined with its impact-resistant lenses, makes them some of the most durable, flexible, and lightweight sunglasses available. Their oleophobic polycarbonate lenses shed liquid and won't be degraded by water, sweat, or chemicals. The overmolded anti-slip rubber nose and temple pads prevent slippage, no matter what activity you're engaged in. The Pivot comes in a range of polarization, color and mirror options to give you the premium clarity and contrast you need from a great pair of shades, while also supporting many high energy activities in variable light conditions and environments. Constructed of TR90NZZ, the frames combine lightweight construction and ballistic protection, providing rugged strength and flexibility. Though not rated to Z87.1 due to the more casual design of the Pivot, the lens and frames were engineered to the same ballistic impact protection standards as our other eyewear. Oleophobic lenses repel water and provide oil, sweat, sunscreen and other chemical protection. Coated stainless steel pins provide simple but dependable hinge functionality. Anti-slip rubber nose and temple pads. Polarized and Non-Polarized lens option.

Attributes

- Name: [MAGPUL GLASSES TORTOISE FRAME/BRONZE LENS W/BLUE MIRROR POLARIZED](#)
- Manufacturer: [MAGPUL](#)
- Product no.: 100075139

Safety Instruction Guide for PIVOT SUNGLASSES MAGPUL GLASSES

Introduction

Thank you for choosing the PIVOT SUNGLASSES MAGPUL GLASSES. This guide is designed to help you use and care for your sunglasses safely and effectively. Please read this guide thoroughly to ensure your safety and the longevity of your product.

General Safety Guidelines

- Ensure that the sunglasses fit properly and are comfortable to wear.
- Always inspect the sunglasses for any damage before use. Do not use if damaged.
- Keep sunglasses away from small children to prevent accidental injury or choking hazards.
- Be aware of your surroundings while wearing sunglasses, as visibility may be affected in certain lighting conditions.
- Do not use sunglasses for activities that require high levels of visibility or precision, such as driving at night.

Specific Safety Precautions for Use

- **Impact Resistance:** Although the PIVOT sunglasses are designed with impactresistant lenses, they are not rated to Z87.1 standards. Use caution in environments where high impact is possible.
- **Water and Chemicals:** The oleophobic polycarbonate lenses are designed to repel water and resist degradation from sweat and chemicals. However, avoid prolonged exposure to harsh chemicals.
- **Nose and Temple Pads:** The antislip rubber nose and temple pads help prevent slippage during activities. Ensure these pads are clean and free from debris to maintain their effectiveness.
- **Polarization:** The polarized lenses reduce glare but may affect visibility on certain surfaces, such as water or snow. Exercise caution in these conditions.

Instructions for Installation and Usage

- **Wearing the Sunglasses:**
 - Place the sunglasses gently on your face, ensuring that they sit comfortably on your nose and ears.
 - Adjust the position of the sunglasses as needed to achieve a secure fit without excessive pressure on your temples or nose.
- **Cleaning the Lenses:**
 - Use a soft, lintfree cloth to clean the lenses. Avoid using paper towels or rough materials that could scratch the lens surface.
 - If necessary, use mild soap and water to clean the lenses, then dry with a soft cloth.
- **Storing the Sunglasses:**
 - When not in use, store the sunglasses in a protective case to prevent scratches and damage.
 - Avoid leaving the sunglasses in direct sunlight or extreme temperatures for extended periods.
- **Adjusting the Fit:**
 - If the sunglasses feel loose or uncomfortable, visit an eyewear professional for adjustments to ensure a secure fit.

Disposal Instructions

- When the sunglasses reach the end of their useful life, dispose of them responsibly.
- Check local regulations for proper disposal of plastic and other materials.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any safety inquiries or concerns regarding your PIVOT SUNGLASSES MAGPUL GLASSES, please refer to the manufacturer's contact information provided on the packaging or product documentation.

By following these safety guidelines and instructions, you can enjoy the benefits of your PIVOT SUNGLASSES MAGPUL GLASSES while ensuring your safety and the safety of those around you. Thank you for your attention to these important safety measures.
