# Safety Instructions for BUSHING BUMP NECK SIZING BUSHINGS

## Introduction

Thank you for choosing the Bushing Bump Neck Sizing Bushings from Forster Products, Inc. This guide provides important safety instructions to ensure the safe use of this product. Please read this document carefully before use to understand the potential hazards and how to avoid them.

## General Safety Guidelines

- Ensure that the product is used only with Forster Precision Plus Bushing Bump Dies.
- Do not attempt to use the bushings with any other brands or types of dies, as this may result in improper sizing and potential hazards.
- Always inspect the bushings for any signs of damage before use. Do not use if damaged.
- Keep the bushings out of reach of children and pets to prevent accidental injury.
- If you experience any difficulties or have questions regarding the use of the bushings, seek assistance before proceeding.

## Specific Safety Precautions for Use

### • Personal Safety:

- Wear appropriate safety glasses to protect your eyes from debris during use.
- Use gloves to protect your hands from sharp edges and to maintain a secure grip on the bushings.

### • Operational Safety:

- Ensure that the work area is clean and free from clutter to prevent accidents.
- Avoid wearing loose clothing or jewelry that may become caught in machinery.
- Always follow the manufacturer's instructions for the die you are using in conjunction with the bushings.

### • Storage Safety:

- Store bushings in a dry, cool place away from direct sunlight and moisture.
- Keep the bushings in their original packaging or a protective case to avoid damage.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that you have the correct size bushing for your application (.328 diameter).

### 2. Installation:

- Remove the bushing from its packaging and inspect it for any defects.
- Insert the bushing into the Forster Precision Plus Bushing Bump Die, ensuring it is seated properly.
- Tighten any locking mechanisms according to the manufacturer's instructions to secure the bushing in place.

### 3. Usage:

- Follow the specific instructions for your Forster die to ensure proper operation.
- Monitor the process closely to ensure that the bushing is functioning correctly.
- If you notice any irregularities or issues, stop immediately and inspect the setup.

#### **4. PostUse:**

- After use, remove the bushing from the die and clean it according to the manufacturer's recommendations.
- Inspect the bushing for wear or damage before storing.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of bushings in regular household waste if they are deemed hazardous.
- Consider recycling options for metal components where applicable.

## **Contact Information for Further Support**

For safety inquiries or additional support, please refer to the manufacturer's website or contact their customer service directly. Ensure that you have your product details available when seeking assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Bushing Bump Neck Sizing Bushings. Thank you for your attention to safety and for choosing Forster Products, Inc.
