

KE-9 BILLET COMPLETE LOWER RECEIVER W/ TRIGGER & MAG CATCH

CATCH 9MM - KE-9 BILLET COMPLETE LOWER RECEIVER W/ TRIGGER & MAG CATCH

A Dedicated PCC Lower Outfitted With Your Choice of KE Arms Trigger

You don't have to deal with a mil-spec trigger in your dedicated gun build, even if you're planning to go the easy route with a complete lower receiver. Heck, you don't even have to stick with a company's pre-selected trigger choice! This KE Arms KE-9 Complete Lower Receiver gives you two different trigger options, so you can choose whether or not you prefer the company's DMR or SLT-1 trigger in your finished gun! Best of all, this lower comes with an enhanced X-Tech tactical pistol grip and an M4-style carbine stock. Each KE Arms KE-9 Lower Receiver is machined at the company's facility from 7075 billet aluminum. The company holds its receivers to tight tolerances within military specifications, so all mil-spec components will function in this lower, and the receiver is compatible with all mil-spec 9mm upper receivers. To enhance its durability, the receiver is treated with an all-black, Class 2 hard-anodized finish. The KE Arms KE-9 Lower Receiver does not feature last-round bolt hold-open, unless you have a linkage system incorporated into your upper receiver. The company warns users that you can use the standard bolt catch to manually lock the bolt to the rear, but the Glock magazine followers will not actuate the catch. Some 9mm upper receivers will include this linkage.

KE9 Billet Complete Lower Receiver Safety Instructions

Introduction

Thank you for choosing the KE9 Billet Complete Lower Receiver with Trigger and Mag Catch. This product is designed for use in 9mm firearm builds and offers you flexibility in trigger selection. To ensure your safety and the proper functioning of your firearm, please carefully read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm securely and out of reach of unauthorized users, especially children.
- Always use appropriate eye and ear protection when handling firearms.
- Ensure that you are in compliance with your local laws and regulations regarding firearm ownership and use.
- Regularly inspect your firearm and its components for any signs of wear or damage.
- If you are unsure about any aspect of firearm safety or operation, seek guidance from a qualified professional.

Specific Safety Precautions for Use

- **Trigger Selection:** The KE9 Complete Lower Receiver allows for the use of either the DMR or SLT1 trigger. Ensure you understand the operation of the selected trigger type before use.
- **Bolt Catch Operation:** The KE9 Lower Receiver does not feature a lastround bolt holdopen unless a compatible linkage system is installed in your upper receiver. Use caution when manually locking the bolt to the rear.
- **Compatibility:** This lower receiver is designed to be compatible with all milspec 9mm upper receivers. Ensure that any upper receiver used is compliant with milspec standards.
- **Durability:** The receiver is treated with a Class 2 hardanodized finish for enhanced durability. However, avoid exposing the receiver to harsh chemicals or extreme environments that could damage the finish.

Instructions for Installation and Usage

1. Installation:

- Ensure that the workspace is clean and free from distractions.
- Use only tools that are appropriate for firearm assembly.
- Follow the manufacturer's instructions for installing the lower receiver onto your upper receiver.
- Ensure all components are securely fastened and function correctly before use.

2. Usage:

- Always perform a safety check before using your firearm.
- Load ammunition only when you are ready to shoot.
- Keep your finger off the trigger until you are ready to fire.
- Be aware of your surroundings and ensure a clear line of sight before firing.

3. Maintenance:

- Regularly clean and lubricate your lower receiver and its components according to the manufacturer's recommendations.
- Inspect for any signs of wear or damage after each use and replace any faulty components immediately.

Disposal Instructions

- Dispose of any nonfunctional or damaged components in accordance with local regulations.
- Do not dispose of firearms or their components in regular household waste.
- Contact local authorities or a licensed firearms dealer for guidance on the proper disposal of firearm components.
