S&W M&P Threaded Barrels Safety Instructions

Introduction

Thank you for choosing the Silencerco S&W M&P Threaded Barrel. This product is designed to enhance your shooting experience by allowing you to attach a suppressor to your Smith & Wesson M&P pistol. It is essential to read and understand the safety instructions provided in this guide to ensure safe and effective use of the barrel.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store firearms and ammunition in a secure location, away from children and unauthorized users.
- Use only the specified ammunition type (9mm Luger) for your S&W M&P pistol.
- Regularly inspect the barrel and suppressor for wear and damage before use.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- Ensure that the threaded barrel is properly installed before attempting to use it with a suppressor.
- Do not exceed the manufacturer's recommended barrel length and specifications.
- Avoid using the barrel with any suppressor that is not compatible with 1/2"28 threads.
- Regularly clean and maintain the barrel to prevent malfunctions.
- Do not modify the barrel or suppressor in any way that could compromise safety.
- Be cautious when handling the firearm after use, as the barrel and suppressor may become hot.

Instructions for Installation and Usage

1. Installation of the Threaded Barrel:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the slide from the frame of the S&W M&P pistol.
- Remove the factory barrel by pushing out the barrel pin and sliding the barrel out of the slide.
- Insert the Silencerco threaded barrel into the slide, ensuring it is seated correctly.
- Reinsert the barrel pin to secure the threaded barrel in place.
- Reattach the slide to the frame of the pistol.

2. Using the Suppressor:

- Before attaching the suppressor, ensure that the barrel threads are clean and free of debris.
- Carefully screw the suppressor onto the barrel threads, turning it clockwise until it is securely in place.
- Do not overtighten the suppressor, as this may damage the threads.
- Confirm that the suppressor is properly attached before firing.

3. After Use:

- Allow the barrel and suppressor to cool down after shooting.
- Clean the barrel and suppressor according to the manufacturer's instructions.
- Store the barrel and suppressor in a secure location.

Disposal Instructions

- Dispose of the barrel and any associated parts in accordance with local regulations.
- Do not dispose of the barrel in regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Silencerco S&W M&P Threaded Barrel, please contact the manufacturer or refer to the product documentation. Always ensure you have the latest information regarding product safety and compliance.

Conclusion

By following these safety instructions, you can ensure the safe use of your Silencerco S&W M&P Threaded Barrel. Remember to stay informed about safety practices and to report any unsafe products or incidents to the appropriate authorities. Your safety and the safety of those around you are of utmost importance.
