

AR-9 ADJUSTABLE TRIGGER - ELFTMANN AR-9 TRIGGER STRAIGHT FINGER ADJUSTABLE

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The ELF AR-9 Trigger has been built for performance. This trigger has an adjustable pull weight between 2.75 lbs and 4 lbs. Specifically developed for 9mm and .45 PCC platforms, after tens of thousands of rounds of testing in all platforms, the boss has decided this is the best trigger we have ever produced and does it all in every AR platform. It has a u-shaped captured disconnecter that forces a positive hold on the hammer and also has a "pad" that matches up to an extension on the hammer. The pad is directly in line with the rear trigger pin so when the hammer is stopped by those matching surfaces it effectively eliminates trigger slap from the hammer hitting the disconnecter and greatly enhances the feel of the trigger during live fire. Absolutely compatible with the Sig MPX! All our performance series triggers utilize aerospace grade sealed bearings, making for an incredibly smooth and fast trigger pull. Pull weight is so easy to adjust it can be done in seconds without removing the trigger from your lower receiver. A second-to-none drop-in trigger system that is strong and light, made of wire EDM machined, hardened A2 tool steel and lightweight aircraft grade aluminum. Installation can be done in minutes using your AR's original hammer and trigger pins. The match trigger may be ordered with a curved or straight shoe. The amazingly short take-up, glass-rod crisp break and next to zero over travel can be compared to the finest custom 1911 triggers. Adjustability puts you in charge based on your current use. If you are looking for the finest adjustable trigger for your AR-9 / AR-45 platform, this is the trigger system for you. Features Fits any mil-spec AR Platform Straight or Curved Trigger Available Incremental Adjustable Knob Compatible with Sig MPX which was used extensively in development Absolutely Drop-Safe regardless of pull-weight Factory set Pull-weight is approximately 50% lighter than that of a standard AR platform trigger, providing a great combination of speed and accuracy Adjustable from 4lbs to 2 3/4lbs without removing from lower Full power hammer spring ensures proper ignition of primer Very short pull and reset allows for rapid follow up shots and greater accuracy Sturdy trigger assembly designed for rugged, trouble-free use; Made of lightweight aircraft-grade aluminum and hardened steel Unique design of disconnect allows full 1/4" width eliminating possibility of wear and double-firing High performance trigger and hammer sealed bearings for smoother and faster firing Unique features include captured disconnecter eliminating any possible double fires and anti trigger-slap geometry greatly enhancing live fire.

Attributes

- Name: [ELFTMANN AR-9 TRIGGER STRAIGHT FINGER ADJUSTABLE](#)
- Manufacturer: [ELFTMANN](#)
- Product no.: 100800168
- Mfr. No.: AR9-S FA
- Style: Straight
- Weapon type: AR-15
- Delivery weight: 0.082kg
- Shipping height: 25mm
- Shipping width: 76mm

- Shipping length: 89mm
- UPC: 616612925923

Item details

Made in USA

US export classification: 0A501.c

Safety Instruction Guide for the AR9 Adjustable Trigger

Introduction

Thank you for choosing the AR9 Adjustable Trigger by ELFTMANN. This guide provides essential safety instructions and usage information to ensure safe and effective operation of your trigger. Please read this guide carefully and keep it for future reference.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the AR9 Adjustable Trigger by following all instructions and guidelines provided in this manual.
- **Enhanced Recalls:** Stay informed about any product recalls or safety notices. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** If purchased online, ensure that the seller complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by individuals under the age of 18. Keep out of reach of children.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Read Instructions:** Always read and understand the instruction manual before use.
- **Wear Safety Gear:** Use appropriate safety gear, including eye protection, when handling firearms.
- **Check Compatibility:** Ensure that the AR9 Adjustable Trigger is compatible with your specific AR platform before installation.
- **Avoid Modifications:** Do not modify the trigger or any components. Unauthorized modifications can lead to malfunction or unsafe conditions.
- **Safe Handling:** Always treat firearms as if they are loaded. Keep the firearm pointed in a safe direction at all times.
- **Regular Inspection:** Regularly inspect the trigger and associated components for wear or damage. Replace any damaged parts immediately.
- **Proper Storage:** Store the firearm in a secure location, out of reach of unauthorized users.

Instructions for Installation and Usage

Installation Instructions

1. **Safety First:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Gather Tools:** You will need the original hammer and trigger pins from your AR platform for installation.
3. **Remove Old Trigger:** Carefully remove the existing trigger from your lower receiver.
4. **Install New Trigger:**
 - Align the AR9 Adjustable Trigger with the trigger pin holes in the lower receiver.
 - Insert the trigger pins to secure the trigger in place.
5. **Check Functionality:** Ensure the trigger operates correctly by performing a function check before use.

Usage Instructions

1. **Adjusting Pull Weight:**
 - The pull weight can be adjusted from 2.75 lbs to 4 lbs.
 - Use the incremental adjustable knob to set your desired pull weight.
 - This adjustment can be done in seconds without removing the trigger from the lower receiver.

2. **Live Fire:**

- Conduct live fire practice in a controlled and safe environment.
- Familiarize yourself with the trigger's feel, including the short takeup, crisp break, and minimal over travel.

3. **FollowUp Shots:**

- Practice rapid followup shots to understand the trigger's performance during live fire.

Disposal Instructions

- **Responsible Disposal:** Dispose of the product in accordance with local regulations for electronic and mechanical waste.
- **Do Not Disassemble:** Do not attempt to disassemble the trigger or any components for disposal.

Contact Information for Further Support

For any questions or concerns regarding the AR9 Adjustable Trigger, please refer to the contact information provided by your retailer or manufacturer.
