

BERETTA/BENELLI TACTICAL BREECHER MUZZLE BRAKE - CARLSONS MOBIL TACT. BREECHER MUZZLE BRK,EX FULL BERETTA,BENELLI BLK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

The New Carlson's Tactical Muzzle Brake choke tube features a porting designed to reduce recoil significantly. This new choke tube is manufactured from 17-4 Heat Treated Stainless Steel in Extra Full constriction. The Extra Full choke tube can be used with all Hevi-Shot and lead loads (but is not to be used with slugs and cannot be used with any Steel shot larger than #2 or with any Steel shot faster than 1550FPS). The Extra Full constriction is also an excellent choice for hunters using larger shot sizes for coyotes, wild hogs and deer. The NEW Tactical Choke Tube has a head that extends approximately 2.75" beyond the end of the barrel and features a matte black finish. The addition of this new choke will not only make any ordinary shotgun look extraordinary, but also significantly reduce recoil allowing for better control of your firearm and quicker follow-up shots. Perfect for Law Enforcement or Home Defense. These chokes are proudly made in the USA and feature Carlson's lifetime warranty.

Safety Instruction Guide for Carlson's Tactical Muzzle Brake Choke Tube

Introduction

Thank you for choosing the Carlson's Tactical Muzzle Brake Choke Tube. This product is designed to enhance your shooting experience by significantly reducing recoil. Please read this safety instruction guide carefully to ensure safe and effective use of your choke tube.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that your firearm is compatible with the Carlson's Tactical Muzzle Brake Choke Tube.
- Always follow the manufacturer's instructions for your shotgun.
- Never use this choke tube with slugs or steel shot larger than #2 or faster than 1550 FPS.
- Keep the choke tube and any accessories out of reach of children and vulnerable individuals.
- Regularly inspect your choke tube for any signs of damage or wear.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that the choke tube is compatible with your Beretta or Benelli shotgun model.
- **Ammunition:** Use only HeviShot and lead loads with this choke tube. Do not use slugs or steel shot exceeding the specified size and speed.
- **Installation:** Follow the installation instructions carefully to avoid improper fitting.
- **Handling:** Always handle your firearm in a safe manner, keeping the muzzle pointed in a safe direction.
- **Shooting Environment:** Be aware of your surroundings when shooting. Ensure the area is safe and free from bystanders.

Instructions for Installation and Usage

1. Installation:

- Ensure your shotgun is unloaded and pointed in a safe direction.
- Remove the existing choke tube from your shotgun.
- Clean the threads of the shotgun's barrel to ensure proper fit.
- Insert the Carlson's Tactical Muzzle Brake Choke Tube into the barrel and handtighten it.
- Use a wrench to secure the choke tube, but do not overtighten.

2. Usage:

- Load your shotgun with compatible ammunition (HeviShot or lead loads).
- Aim at your target, ensuring a safe backdrop.
- Fire the shotgun while maintaining proper shooting stance and grip.
- After firing, assess your followup shot readiness and control.

Disposal Instructions

- Dispose of the choke tube in accordance with local regulations.
- Do not dispose of the choke tube in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, compatibility, or product performance, please reach out to the manufacturer or authorized retailer. Always ensure that you are using the product as intended and in compliance with local laws and regulations.

Thank you for prioritizing safety while using the Carlson's Tactical Muzzle Brake Choke Tube. Enjoy your shooting experience responsibly!
