

# STANDARD STOCK RECOIL SUPPRESSOR - C & H RESEARCH

## STANDARD STOCK 4" B RECOIL SUPPRESSOR

[Shooting Accessories](#) > [Recoil Parts](#) > [Recoil Reducers](#)

Helps counteract the painful effects of recoil using mercury, one of the heaviest, densest, liquid elements. Compact, permanently sealed, steel case is made from bar stock; the only moving part is the liquid mercury so there's no wear, no chance of leaks. Mercury's viscosity varies only 1% from 0 F. to 90 F. which means the recoil-fighting performance is consistent in almost all weather conditions. Stock models fit in the rifle or shotgun stocks and are drilled and tapped 1/4"-28 tpi for easy installation and removal. Mercury Recoil Sizes

# Safety Instruction Guide for STANDARD STOCK RECOIL SUPPRESSOR C & H RESEARCH

## Introduction

Thank you for choosing the STANDARD STOCK RECOIL SUPPRESSOR from C & H RESEARCH. This product is designed to help reduce the effects of recoil when using rifles and shotguns. It utilizes liquid mercury to provide consistent performance across various weather conditions. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using the recoil suppressor.
- Always follow the manufacturer's guidelines for your firearm in conjunction with this product.
- Keep the recoil suppressor away from children and vulnerable individuals.
- Regularly inspect the suppressor for any signs of damage or wear.
- Use the suppressor only for its intended purpose as described in this guide.
- In case of any malfunction or abnormal behavior, cease use immediately and consult a professional.

## Specific Safety Precautions for Use

### • Potential Hazards:

- The recoil suppressor contains liquid mercury, which is toxic if released. Handle with care.
- Ensure that the suppressor is properly installed before using your firearm.

### • Avoiding Hazards:

- Do not attempt to open or disassemble the suppressor.
- If the suppressor is damaged, do not use it and contact a qualified technician for evaluation.
- In case of a spill of liquid mercury, follow local regulations for hazardous material cleanup.

### • AgeSpecific Warnings:

- This product is not intended for use by individuals under the age of 18.
- Store the product in a secure location out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Identify the location on your rifle or shotgun stock where the suppressor will be installed.
- The suppressor is drilled and tapped for 1/4"28 tpi; use the appropriate tools for installation.
- Securely attach the suppressor to the stock, ensuring it is tight and properly aligned.

### 2. Usage:

- Once installed, test the firearm in a safe environment to ensure the suppressor is functioning correctly.
- Monitor the performance of the suppressor during use, paying attention to any unusual sounds or behaviors.
- If you notice any issues, immediately stop using the firearm and inspect the suppressor.

## **Disposal Instructions**

- Dispose of the recoil suppressor according to local regulations regarding hazardous materials.
- If the suppressor is damaged or no longer functional, do not attempt to repair it. Instead, contact a qualified disposal service.
- Ensure that any liquid mercury is handled according to safety guidelines to prevent environmental contamination.

## **Contact Information for Further Support**

For any questions or concerns regarding the STANDARD STOCK RECOIL SUPPRESSOR, please refer to the manufacturer's contact details provided with your product packaging. You can also check for updates and safety information on the EU's Safety Gate platform.

By following these safety instructions, you can ensure the safe and effective use of your STANDARD STOCK RECOIL SUPPRESSOR. Thank you for your attention to safety, and enjoy your shooting experience responsibly.
