

# STANDARD STOCK RECOIL SUPPRESSOR - C & H RESEARCH

## STANDARD STOCK 5" B RECOIL SUPPRESSOR

[Shooting Accessories](#) > [Recoil Parts](#) > [Recoil Reducers](#)

Helps counteract the painful effects of recoil using mercury, one of the heaviest, densest, liquid elements. Compact, permanently sealed, steel case is made from bar stock; the only moving part is the liquid mercury so there's no wear, no chance of leaks. Mercury's viscosity varies only 1% from 0 F. to 90 F. which means the recoil-fighting performance is consistent in almost all weather conditions. Stock models fit in the rifle or shotgun stocks and are drilled and tapped 1/4"-28 tpi for easy installation and removal. Mercury Recoil Sizes

### Attributes

- Name: [C & H RESEARCH STANDARD STOCK 5" B RECOIL SUPPRESSOR](#)
- Manufacturer: [C & H RESEARCH](#)
- Product no.: 163000007

# Consumer Safety Instruction Guide for STANDARD STOCK RECOIL SUPPRESSOR

## Introduction

Thank you for choosing the STANDARD STOCK RECOIL SUPPRESSOR by C & H RESEARCH. This guide provides important safety information and instructions to ensure the safe and effective use of the product. Please read this manual thoroughly before installation and use.

## General Safety Guidelines

- Ensure that the product is used only as intended, and in accordance with the instructions provided.
- Store the recoil suppressor in a cool, dry place, away from direct sunlight and extreme temperatures.
- Regularly inspect the suppressor for any signs of damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- In case of any accidents or incidents involving this product, report them to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or removing the recoil suppressor.
- Avoid using the suppressor with firearms that exceed the specified weight limits, as this may compromise safety.
- Do not attempt to disassemble or modify the recoil suppressor, as this can lead to malfunction or injury.
- Be aware of your surroundings when using a firearm equipped with the recoil suppressor to prevent accidents.
- Always wear appropriate protective gear, including eye and ear protection, when using firearms.

## Instructions for Installation and Usage

### Installation

1. Ensure that your firearm is unloaded and pointed in a safe direction.
2. Locate the 1/4"28 tpi drilled and tapped area on your rifle or shotgun stock.
3. Align the recoil suppressor with the threaded area and gently screw it in until it is securely fastened.
4. Check that the suppressor is firmly attached before proceeding to use the firearm.

### Usage

- The recoil suppressor is designed to counteract recoil effectively. Always follow the manufacturer's recommendations for compatible firearms.
- Monitor the performance of the suppressor during use, ensuring consistent recoil management.
- If you notice any unusual behavior or performance issues, cease use immediately and inspect the suppressor.

## Disposal Instructions

- Dispose of the recoil suppressor in accordance with local regulations regarding metal and hazardous waste.
- Do not throw the suppressor in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or support regarding the STANDARD STOCK RECOIL SUPPRESSOR, please consult the manufacturer's website or customer service resources.

Thank you for prioritizing safety and responsible usage of your recoil suppressor. Your cooperation helps ensure a safe experience for all users.
