GO HEADSPACE GAUGES - 5.56X45MM NATO GO GAUGE HEADSPACE GAUGE STEEL

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

Attributes

- Name: 5.56X45MM NATO GO GAUGE HEADSPACE GAUGE STEEL
- Manufacturer: CLYMER
- Product no.: 184000035
- Mfr. No.: GO5.56NATO
- Cartridge: 5.56 mm NATO
- Color: Steel
- Height: 0.355''
- Length: 1.623''
- Material: Steel
- Model Number: 5.56x45mm NATO GO
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.355''
- Delivery weight: 0.005kg
- Shipping height: 18mm
- Shipping width: 20mm
- Shipping length: 58mm

Clymer Go Headspace Gauges Safety Instruction Guide

Introduction

Thank you for choosing the Clymer Go Headspace Gauges. These precision tools are designed for gunsmiths and firearm enthusiasts to ensure the safe and proper chambering of firearms. This guide provides essential safety instructions and guidelines to help you use the product effectively and safely.

General Safety Guidelines

- Ensure that you understand the purpose and function of the headspace gauge before use.
- Always follow local laws and regulations regarding firearms and ammunition.
- Keep the gauge out of reach of children and unauthorized users.
- Inspect the gauge for any signs of damage before each use. Do not use if damaged.
- Store the gauge in a safe, dry place when not in use to prevent corrosion and damage.

Specific Safety Precautions for Use

- Use the gauge only for its intended purpose: verifying the minimum safe chamber dimensions of firearms.
- Always wear appropriate safety gear, such as eye protection, when working with firearms.
- Ensure that the firearm is unloaded and pointed in a safe direction before using the gauge.
- Do not force the gauge into the chamber. If resistance is felt, stop and inspect both the gauge and the firearm.
- Avoid using the gauge in environments with excessive moisture or dirt, which could affect its accuracy.

Instructions for Installation and Usage

1. **Preparation:**

   - Ensure that the firearm is unloaded and in a safe condition.
   - Gather necessary tools and safety equipment.

2. **Using the Gauge:**

   - Insert the Clymer Go Headspace Gauge into the chamber of the firearm.
   - Gently push the gauge into the chamber without forcing it. It should fit snugly but smoothly.
   - Check for proper fit:
     - If the gauge fits correctly, the headspace is within safe limits.
     - If the gauge does not fit, consult a qualified gunsmith to assess the firearm.

3. **After Use:**

   - Remove the gauge from the chamber carefully.
   - Clean the gauge with a soft cloth to remove any debris or residue.
   - Store the gauge in its protective case or designated storage area.

Disposal Instructions

- Dispose of the gauge responsibly if it becomes damaged or is no longer needed.
- Follow local regulations for the disposal of metal and steel products.
- Do not dispose of the gauge in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the Clymer Go Headspace Gauges, please refer to the contact information provided on the packaging or the manufacturer's website.

By following these safety guidelines and instructions, you can ensure the safe and effective use of the Clymer Go Headspace Gauges. Always prioritize safety and compliance with local regulations when handling firearms.
