

GO HEADSPACE GAUGES - CLYMER 25-20 WINCHESTER GO GAUGE

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

Attributes

- Name: [CLYMER 25-20 WINCHESTER GO GAUGE](#)

Safety Instruction Guide for CLYMER GO HEADSPACE GAUGES CLYMER 2520 WINCHESTER GO GAUGE

Introduction

Thank you for choosing the CLYMER GO HEADSPACE GAUGES CLYMER 2520 WINCHESTER GO GAUGE. This product is designed to help you accurately measure and test the headspace in your rifle or shotgun. Proper use of this gauge is essential for ensuring a safe and reliable shooting experience. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that you are familiar with the basic operation and handling of firearms before using this gauge.
- Always handle firearms and ammunition with care and follow safe shooting practices.
- Use the gauge only for its intended purpose as described in this guide.
- Ensure that the gauge is in good condition before use. Inspect for any signs of damage or wear.
- Store the gauge in a safe place, out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when using firearms and gauges.
- Ensure that the firearm is unloaded before measuring headspace.
- Do not use the gauge if it appears damaged or malfunctioning.
- Use caution when chambering a new barrel; improper chambering can lead to unsafe conditions.
- Follow the manufacturer's instructions for checking headspace before firing a used gun.
- Avoid using the gauge in wet or damp conditions to prevent rust and damage.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is completely unloaded.
- Gather necessary tools and equipment, including the gauge and any required cleaning supplies.

2. Using the Gauge

- Insert the GO gauge into the chamber of the rifle or shotgun.
- Gently close the bolt on the firearm to check for proper fit.
- If the bolt closes easily, the headspace is within acceptable limits. If it does not close, consult a qualified gunsmith.
- Repeat the process with the NoGo gauge to ensure proper chambering.

3. PostUse Care

- After use, clean the gauge with a soft cloth to remove any debris or moisture.
- Store the gauge in a protective case or designated storage area to prevent damage.

Disposal Instructions

- Dispose of the gauge in accordance with local regulations for metal and steel products.
- Do not dispose of the gauge in regular household waste.
- If the gauge is damaged beyond repair, consider recycling the materials if possible.

Contact Information for Further Support

For any questions or concerns regarding the CLYMER GO HEADSPACE GAUGES CLYMER 2520 WINCHESTER GO GAUGE, please refer to the manufacturer's contact information provided with the product. Ensure that you have your product details ready for any inquiries.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your CLYMER GO HEADSPACE GAUGES CLYMER 2520 WINCHESTER GO GAUGE. Thank you for prioritizing safety in your shooting practices.
