

# COPPER ELIMINATOR BORE BRUSHES - DEWEY 20 CALIBER 5-40M BORE BRUSH 3/PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

## All-Aluminum Components Eliminate "False-Positive" Copper Fouling Indications

Cleaning brushes have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. Nylon bristles wound around an aluminum core and male-threaded aluminum coupling are completely brass-free to eliminate false-positive blue-green indications of copper fouling that can occur when using ammonia-based solvents with brass core brushes. Dense nylon bristles give plenty of scrubbing power, yet are extremely gentle on the rifling. .17 and .20 caliber brushes with 5-40 threads extend the benefits of the Copper Eliminator system to your existing small-caliber rod. The .22 caliber and larger brushes have 8-32 threads for use with Dewey Copper Eliminator rods.

## Attributes

- Name: [DEWEY 20 CALIBER 5-40M BORE BRUSH 3/PACK](#)
- Manufacturer: [DEWEY](#)
- Product no.: 234000101
- Mfr. No.: B-20PNA
- Caliber: 20 Caliber (.204)
- Style: Handgun,Rifle
- Quantity: 3
- Delivery weight: 0.005kg
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 608060000307

# Safety Instruction Guide for COPPER ELIMINATOR BORE BRUSHES DEWEY 20 CALIBER 540M BORE BRUSH 3/PACK

## Introduction

Thank you for choosing the COPPER ELIMINATOR BORE BRUSHES. These cleaning brushes are designed with safety and efficiency in mind. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure your experience with our product is safe and effective.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as a bore cleaning tool.
- Always handle cleaning brushes with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Check the product for damage before use. Do not use if the brush is worn or damaged.
- Follow all manufacturer instructions for safe use and maintenance.

## Specific Safety Precautions for Use

- Use the COPPER ELIMINATOR BORE BRUSHES only with compatible rods and accessories.
- Avoid using ammoniabased solvents with brass components to prevent falsepositive indications of copper fouling.
- Do not use excessive force when scrubbing to prevent damage to the bore or the brush.
- Always wear appropriate personal protective equipment (PPE) such as gloves and safety goggles when cleaning firearms.
- Ensure the firearm is unloaded and pointed in a safe direction before cleaning.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is safely unloaded and in a secure position.
- Gather all necessary cleaning supplies, including the COPPER ELIMINATOR BORE BRUSHES, cleaning rod, and solvent.

### 2. Installation

- Select the appropriate bore brush based on the caliber of your firearm.
- Attach the bore brush to the cleaning rod by screwing it into the malethreaded aluminum coupling.

### 3. Usage

- Apply a suitable cleaning solvent to the bore brush.
- Insert the brush into the bore from the chamber end and gently push it through to the muzzle.
- Pull the brush back through the bore to remove fouling. Repeat as necessary.
- After cleaning, run a dry patch through the bore to remove any solvent residue.

### 4. PostCleaning Care

- Rinse the bore brush with clean water to remove any cleaning solvent.
- Allow the brush to dry completely before storage.

- Store the brushes in a dry place, away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste if it contains hazardous materials.
- Consider recycling the aluminum components where possible.

## Contact Information for Further Support

For any inquiries or concerns regarding the safety of this product, please reach out to the designated EU contact point for product safety support.

By following these guidelines, you can ensure a safe and effective cleaning experience with your COPPER ELIMINATOR BORE BRUSHES. Thank you for your attention to safety, and enjoy using your product responsibly.
