

COPPER ELIMINATOR BORE BRUSHES - DEWEY 22 CALIBER 8-32M BORE BRUSH 3/PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

All-Aluminum Components Eliminate "False-Positive" Copper Fouling Indications

Cleaning brushes have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. Nylon bristles wound around an aluminum core and male-threaded aluminum coupling are completely brass-free to eliminate false-positive blue-green indications of copper fouling that can occur when using ammonia-based solvents with brass core brushes. Dense nylon bristles give plenty of scrubbing power, yet are extremely gentle on the rifling. .17 and .20 caliber brushes with 5-40 threads extend the benefits of the Copper Eliminator system to your existing small-caliber rod. The .22 caliber and larger brushes have 8-32 threads for use with Dewey Copper Eliminator rods.

Attributes

- Name: [DEWEY 22 CALIBER 8-32M BORE BRUSH 3/PACK](#)
- Manufacturer: [DEWEY](#)
- Product no.: 234000102
- Mfr. No.: B-22NA
- Caliber: 22 Caliber (.223-.224)
- Style: Rifle
- Quantity: 3
- Delivery weight: 0.009kg
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 608060000314

Safety Instruction Guide for COPPER ELIMINATOR BORE BRUSHES

Introduction

Thank you for choosing the COPPER ELIMINATOR BORE BRUSHES by DEWEY. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the bore brushes.

General Safety Guidelines

- Always ensure that the bore brush is compatible with your firearm's caliber before use.
- Inspect the bore brush for any signs of damage or wear before each use. Do not use damaged brushes.
- Keep the bore brushes out of reach of children and pets to prevent accidental ingestion or injury.
- Use the bore brush in a wellventilated area to minimize exposure to cleaning solvents.
- Follow all manufacturer instructions for cleaning solvents and other materials used in conjunction with the bore brushes.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:** The bore brushes are designed for cleaning firearm bores. Misuse can lead to personal injury or damage to the firearm.
- **Avoiding Hazards:**
 - Do not use the bore brushes with excessive force, as this can damage both the brush and the firearm.
 - Ensure that the firearm is unloaded before cleaning.
 - Avoid using ammoniabased solvents with brass components, as this can lead to falsepositive indications of copper fouling.
- **AgeSpecific Warnings:** This product is intended for adult use only. Keep out of reach of children.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary materials, including the bore brush, cleaning rod, and appropriate cleaning solvent.

2. Installation:

- Attach the bore brush to the cleaning rod by screwing it into the malethreaded aluminum coupling.
- Ensure the connection is secure before use.

3. Usage:

- Insert the bore brush into the firearm's bore gently.
- Use a backandforth motion to scrub the bore, ensuring that you do not apply excessive force.
- After cleaning, remove the bore brush and clean it according to the manufacturer's instructions.

4. PostUsage:

- Clean the bore brush with a suitable solvent to remove any debris.

- Store the bore brush in a dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any used bore brushes in accordance with local regulations.
- Do not dispose of the brushes in regular household waste if they are deemed hazardous.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the COPPER ELIMINATOR BORE BRUSHES, please refer to the manufacturer's contact information provided on the packaging or product insert.

Thank you for your attention to these safety guidelines. Your safety and the proper care of your firearm are of utmost importance.
