

# SCREW HEAD FILES - FRIEDR. DICK GMBH SCREW HEAD FILE #9, .035"

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Files](#)

## Cut New Or Recut Old Slots; The Right Way

High-quality, steel files designed for one purpose only to cut perfectly square screw slots every time. #7, #9, and #11 files cover the most common slot sizes. Smooth-sided to cut only on the edge. Will not widen the slot as it deepens, or damage the screw head. Cleans up marred slots on hard to replace screws or cuts slots in new screws. Use with Needle File Handles. These files are very thin for precise cutting. Sorry, cannot guarantee against bending or breakage. Sold individually or as a set.

# Safety Instruction Guide for SCREW HEAD FILES

## FRIEDR. DICK GMBH SCREW HEAD FILE #9, .035"

### Introduction

Thank you for choosing the SCREW HEAD FILES from FRIEDR. DICK GMBH. These highquality steel files are specifically designed to create perfectly square screw slots. This guide provides essential safety instructions and usage guidelines to ensure your safety and the proper use of this product.

### General Safety Guidelines

- Always use the files as intended to avoid accidents and injuries.
- Ensure that the working environment is clean and free from hazards.
- Keep files out of reach of children to prevent misuse and accidents.
- Inspect the files before use for any signs of damage or wear.
- If you notice any bending or breakage, discontinue use immediately.
- Report any unsafe products or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Use protective eyewear to shield your eyes from metal filings and debris.
- Wear gloves to protect your hands from sharp edges.
- Avoid using excessive force while cutting to prevent slipping and potential injuries.
- Always cut away from your body to minimize the risk of injury.
- Do not use the files on materials that may cause them to break or bend.
- Ensure that you are using the correct file size for the screw slot to avoid damaging the screw head.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools, including Needle File Handles.
- Choose the appropriate file size (#7, #9, or #11) based on the screw slot size.

#### 2. Using the File:

- Insert the file into the Needle File Handle securely.
- Position the file at the desired angle to the screw slot.
- Apply light pressure while moving the file back and forth in the slot, ensuring that you are cutting only on the edge.
- Regularly check the slot to ensure it is deepening without widening.

#### 3. After Use:

- Clean the files after use to remove any debris or filings.
- Store the files in a safe place, away from children and potential hazards.

### Disposal Instructions

- Dispose of any damaged files responsibly by following local regulations for metal waste.
- Ensure that the files are not left in places where they may pose a risk to others.
- If you are unsure about disposal methods, consult local waste management authorities.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please contact the appropriate local authority or consumer safety organization.

By following these guidelines, you can ensure safe and effective use of the SCREW HEAD FILES from FRIEDR. DICK GMBH. Thank you for prioritizing safety in your work!
