

ENHANCED SELF-LEVELING FOLLOWER"! - USGI 5.56X45MM FOR AR-15/M16 - MAGPUL ENHANCED SELF-LEVELING FOLLOWER 5.56X45 FOLIAGE GREEN 3/PACK

[Magazines](#) > [Rifle Magazines](#) > [Magazine Parts](#) > [Magazine Followers](#)

Magpul was founded in 1999 with the intent of developing a simple device to aid in the manipulation of rifle magazines while reloading under stress. The company's name comes from this original product called the Magpul. Over the last seventeen years Magpul has continued to grow and develop using much the same mission and process with a focus on innovation, simplicity, and efficiency. The Magpul Enhanced Self-Leveling Follower is a drop in replacement for the current issue aluminum USGI 30-round magazine follower. Featuring a patent pending 4-way anti-tilt design, the Enhanced Self-Leveling Follower is made from a non-hydroscopic and self-lubricating polymer. FEATURES & SPECS Manufacturer Number: MAG110-FOL Self Leveling Follower 4-way anti-tilt Self-lubricating polymer 3 Pack Made in U.S.A. NOTE: Will not fit the latest generation USGI spring that is utilized with the tan or blue (EPM) follower. Also not optimized for thin-walled steel-bodied magazines.

Enhanced SelfLeveling Follower Safety Instruction Guide

Introduction

Thank you for choosing the Magpul Enhanced SelfLeveling Follower. This product is designed to enhance the performance of your AR15/M16 magazines, ensuring reliable feeding during use. Please read this safety instruction guide carefully to understand how to use and maintain the product safely.

General Safety Guidelines

- Ensure the product is compatible with your magazine before installation.
- Always handle firearms and magazines with care and follow all safety protocols.
- Keep the Enhanced SelfLeveling Follower out of reach of children and unauthorized users.
- Regularly inspect the follower and magazine for wear and damage.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the Enhanced SelfLeveling Follower with the latest generation USGI springs that are utilized with the tan or blue (EPM) follower.
- Avoid using this product with thinwalled steelbodied magazines, as it may not perform optimally.
- Ensure that the follower is securely installed in the magazine before loading ammunition.
- Do not attempt to modify or alter the Enhanced SelfLeveling Follower, as this may compromise safety and performance.
- Always ensure that the firearm is pointed in a safe direction when loading or unloading magazines.

Instructions for Installation and Usage

1. Installation:

- Ensure the magazine is empty before beginning the installation process.
- Remove the existing follower from the magazine by taking out the spring and follower assembly.
- Insert the Enhanced SelfLeveling Follower into the magazine, ensuring it is positioned correctly.
- Reassemble the magazine by placing the spring back into the magazine body and securing it according to the manufacturer's instructions.

2. Usage:

- Load the magazine with ammunition, ensuring the rounds are seated properly.
- Insert the magazine into your firearm and ensure it locks into place.
- Test the functionality by cycling the action of the firearm to ensure proper feeding of rounds.
- If any issues arise during use, cease operation and inspect the magazine and follower for damage or misalignment.

Disposal Instructions

- Dispose of the Enhanced SelfLeveling Follower in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is damaged or defective.
- For any disposal concerns, consult local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Enhanced SelfLeveling Follower, please reach out to the manufacturer or consult the product packaging for additional resources.

Thank you for your attention to these safety guidelines. Enjoy the enhanced performance and reliability of your Magpul Enhanced SelfLeveling Follower.
