

# REMINGTON 783 SHORT ACTION SCOPE BASES - EGW REMINGTON 783 SHORT ACTION 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington 783 Short Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

## Attributes

- Name: [EGW REMINGTON 783 SHORT ACTION 0 MOA](#)

# Safety Instruction Guide for REMINGTON 783 SHORT ACTION SCOPE BASES

## Introduction

Thank you for choosing the EGW Remington 783 Short Action Scope Bases. This product is designed to enhance your shooting experience by providing a reliable and versatile mounting solution for your scope. Please read this safety instruction guide carefully to ensure safe and effective use of this product.

## General Safety Guidelines

- Ensure safe use of the scope bases by following all instructions provided.
- Always inspect the product for any damage or defects before installation and use.
- Keep the scope bases out of reach of children and unauthorized users.
- Use the product only for its intended purpose as specified in this guide.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Potential Hazards:** Improper installation may lead to scope misalignment, which can affect accuracy and safety.
- **Avoiding Hazards:**
  - Ensure that the mounting surface is clean and free from debris before installation.
  - Do not exceed the recommended torque specifications when securing the scope bases.
  - Always use the provided socket head Torx® screws and wrench for installation.
  - Use caution when handling tools and components to avoid injury.
- **Age Restrictions:** This product is not intended for use by children. Adult supervision is recommended when used in environments where minors are present.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a socket head Torx® wrench.
- Ensure you have the correct scope rings compatible with Picatinny or Weaver mounts.

### 2. Installation Steps:

- Confirm that the scope bases fit the factory scope mount holes on your Remington 783 receiver.
- Align the scope bases with the holes on the receiver.
- Insert the Torx® screws through the base into the holes and handtighten them.
- Using the Torx® wrench, tighten the screws to a torque of 20 inch lbs. Ensure not to overtighten.
- Apply a drop of blue Loctite to the screws for added security if desired.

### 3. Usage:

- Once installed, attach your scope to the mounted bases using compatible scope rings.
- Adjust the scope for proper eye relief and alignment.
- Regularly check the tightness of the screws after use to ensure stability.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling facility or collection point for proper disposal.

## **Contact Information for Further Support**

For safety inquiries, technical support, or to report unsafe conditions, please refer to the contact details provided by the manufacturer or retailer where the product was purchased.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your enhanced shooting experience with the EGW Remington 783 Short Action Scope Bases.
