

# REMINGTON XP/XR 100, 7 4-HOLE SHORT ACTION SCOPE BASES - EGW REMINGTON XP/XR 100, MODEL 7 4-HOLE SHORT ACTION 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington XP/XR 100, Model 7 4-Hole Short Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

# REMINGTON XP/XR 100 Scope Bases Safety Instruction Guide

## Introduction

Thank you for purchasing the EGW Remington XP/XR 100, Model 7 4Hole Short Action Scope Bases. This guide provides essential safety instructions and recommendations to ensure the safe use and installation of your new product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a scope base for Remington XP/XR 100 rifles.
- Always handle firearms responsibly and follow all local laws and regulations regarding firearm use and safety.
- Keep the product and all related components out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before each use.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only compatible Picatinny or Weaver scope rings with this scope base to ensure secure mounting.
- Do not exceed the recommended torque of 20 inch lbs when installing the scope base. Overtightening may damage the product or the firearm.
- Always apply a drip of blue Loctite to the screws during installation to prevent loosening due to recoil.
- Ensure that the installation does not obstruct the operation of the firearm.
- If you are unsure about the installation or use of the product, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a socket head Torx® wrench.
- Ensure that the firearm is unloaded and pointed in a safe direction.

### 2. Installation

- Locate the factory scope mount holes on the receiver of your Remington XP/XR 100.
- Align the EGW scope base with the mount holes.
- Insert the provided socket head Torx® screws into the mount holes.
- Tighten the screws to a torque of 20 inch lbs using the Torx® wrench.
- Apply a drip of blue Loctite to each screw to secure them in place.

### 3. Usage

- Once installed, attach your Picatinny or Weaver scope rings to the scope base.
- Adjust your scope as necessary for eye relief and alignment.
- Regularly check the tightness of the screws and the security of the scope.

## Disposal Instructions

- Dispose of packaging materials in accordance with local recycling regulations.
- If the product is no longer usable, dispose of it in a manner that complies with local waste disposal

regulations. Do not dispose of in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the installation or safety of the EGW Remington XP/XR 100 Scope Bases, please contact the manufacturer or your local retailer for assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your new scope base. Thank you for your attention to safety!
