

SAKO A-7 LONG ACTION HD SCOPE BASES - EGW SAKO A-7 LONG ACTION 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Sako A-7 Long Action Heavy Duty Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

Attributes

- Name: [EGW SAKO A-7 LONG ACTION 0 MOA](#)

SAKO A7 LONG ACTION HD SCOPE BASES Safety Instruction Guide

Introduction

Thank you for choosing the SAKO A7 Long Action HD Scope Bases by EGW. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that the product is suitable for your specific firearm model, the Sako A7 Long Action.
- Always handle firearms and related accessories with care to prevent accidents.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the scope bases for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

- Only use the scope bases with compatible Picatinny or Weaver scope rings.
- Ensure that the scope bases are properly installed to avoid any movement during use.
- Do not exceed the recommended torque of 20 inch lbs when securing the scope bases.
- Use blue loctite as recommended to secure screws and prevent loosening during operation.
- Avoid using the product in extreme conditions that may affect its performance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a socket head Torx wrench.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Identify the factory scope mount holes on the receiver of your Sako A7 Long Action.
- Align the EGW scope base with the mounting holes.
- Insert the socket head Torx screws into the holes and handtighten them initially.
- Use the Torx wrench to tighten the screws to a torque of 20 inch lbs, applying a small amount of blue loctite to each screw to secure them.

3. Usage:

- Once installed, mount your scope onto the Picatinny rail.
- Adjust the scope to achieve the desired eye relief and reticle alignment.
- Regularly check the tightness of the screws and the stability of the scope during use.

Disposal Instructions

- Dispose of any packaging materials responsibly, in accordance with local recycling guidelines.
- If the product is damaged beyond repair, dispose of it in a manner that complies with local waste management regulations.

Contact Information for Further Support

For any questions or concerns regarding the SAKO A7 Long Action HD Scope Bases, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your SAKO A7 Long Action HD Scope Bases. Always prioritize safety and responsible usage when handling firearms and accessories. Thank you for your attention to these important safety measures.
