

WINCHESTER 70 .375" MIDDLE HOLE SCOPE BASES - EGW

WINCHESTER 70 (.375" MIDDLE HOLE) 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Winchester 70 (.375" Middle Hole Spacing) Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

WINCHESTER 70 .375" MIDDLE HOLE SCOPE BASES Safety Instruction Guide

Introduction

Thank you for choosing the WINCHESTER 70 .375" Middle Hole Scope Bases by EGW. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided.
- Regularly check for any updates or recalls related to the product on the EU Safety Gate platform.
- Always use the product in accordance with the manufacturer's specifications to prevent accidents or injuries.
- Keep the product out of reach of children and vulnerable individuals.
- If you notice any damage or malfunction, discontinue use immediately and consult a professional.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when handling or using firearms.
- Ensure that the firearm is unloaded before installing the scope bases.
- Avoid using the product if you are under the influence of drugs or alcohol.
- Be aware of your surroundings and ensure a safe environment when using the firearm.
- Follow all local laws and regulations regarding firearm usage and modifications.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and in a safe condition for handling.
- Gather necessary tools: socket head Torx® screws and wrench.

2. Installation:

- Align the scope bases with the factory scope mount holes on the receiver of the Winchester 70.
- Use the provided socket head Torx® screws to secure the scope bases in place.
- Tighten screws to a torque of 20 inch lbs.
- Apply a small drop of blue Loctite to the screws for added security.

3. Usage:

- Once installed, attach your Picatinny or Weaver scope rings to the scope bases.
- Adjust the eye relief and scope positioning as needed for comfort and accuracy.
- Always doublecheck the security of the installation before using the firearm.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the product is damaged and no longer usable, dispose of it responsibly to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

By following these guidelines, you can help ensure safe and effective use of the WINCHESTER 70 .375" Middle Hole Scope Bases. Thank you for your attention to safety.
