

SIG SAUER M17 ADAPTER PLATE DELTAPOINT PRO TO VORTEX VENOM - EGW SIG SAUER M17 ADAPTER PLATE DELTAPOINT PRO TO VENOM

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Handgun Bases](#)

The rear sight plate on your gun needs to be removed to install your red dot on this plate. The plate is mounted to the slide from underneath the slide using the provided 4-40 screws. The red dot is then installed on top of the adapter plate using the provided 6-32 screws. Installation Instructions Remove the rear sight* Install the EGW Sight Mount in the dovetail Place the red dot sight on the EGW Sight Mount (placing a small piece of paper between the red dot sight and the sight mount will make for easier removal and will keep Loctite off of the red dot sight.) Apply blue Loctite to the provided mounting screws Torque mounting screws to 15in/lbs Modification of your firearm may nullify the manufacturer's warranty. This product should be installed and checked by a qualified gunsmith. No liability is expressed or implied for damage or injury which may result from improper installation or use of this product. Dose not work with Sig P320RX, P320 X-Five W/Romeo1 Cut or M17 Military Surplus.

Safety Instruction Guide for SIG SAUER M17 Adapter Plate

Introduction

Thank you for choosing the SIG SAUER M17 Adapter Plate. This guide provides essential safety information and installation instructions to ensure the proper and safe use of this product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that your firearm is unloaded before attempting any installation or maintenance.
- Keep this product out of reach of children and unauthorized users.
- Modification of your firearm may nullify the manufacturer's warranty. Consult a qualified gunsmith if you are unsure about the installation process.
- Be aware that improper installation or use of this product may lead to damage or injury.
- Report any unsafe products or accidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the red dot sight you are installing is compatible with the SIG SAUER M17 Adapter Plate.
- Always use the provided screws for mounting to ensure a secure fit.
- Apply blue Loctite to the mounting screws to prevent loosening over time.
- Torque the mounting screws to 15 in/lbs to ensure they are properly secured.
- If you experience any issues during installation, do not proceed with use until the problem is resolved.

Instructions for Installation and Usage

1. Remove the Rear Sight

- Carefully remove the rear sight from your firearm.

2. Install the EGW Sight Mount

- Place the EGW Sight Mount in the dovetail of your firearm.

3. Position the Red Dot Sight

- Place the red dot sight on the EGW Sight Mount.
- For easier removal and to keep Loctite off the red dot sight, place a small piece of paper between the red dot sight and the sight mount.

4. Apply Loctite

- Apply blue Loctite to the provided mounting screws to secure the red dot sight.

5. Torque the Screws

- Using a torque wrench, tighten the mounting screws to 15 in/lbs.

6. Final Check

- Ensure all components are securely mounted and check for any signs of improper installation.

Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If the product is no longer in use, ensure it is disposed of in a way that prevents access by children or unauthorized users.

Contact Information for Further Support

For any questions or concerns regarding the installation or use of the SIG SAUER M17 Adapter Plate, please consult a qualified gunsmith or contact the manufacturer directly for assistance.

By following these guidelines, you can help ensure the safe and effective use of your SIG SAUER M17 Adapter Plate. Thank you for prioritizing safety and compliance with relevant regulations.
