

WINCHESTER 70 STD/LA PRE 64 PICATINNY SCOPE MOUNT - EGW

WINCHESTER 70 STD/LA 1-PIECE PICATINNY BASE 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

The middle spread is the distance between the two middle holes, center to center, on your receiver. The middle spreads on our Winchester 70 mounts are as follows: Winchester 70 Long Action: 3.805" This mount comes standard with a bevel on both sides making it ambidextrous. EGW recommends measuring the hole spacing in your receiver to confirm it matches with the dimensions they have published. Picatinny cross slots run the full length of the rail, which gives the shooter flexibility when mounting scope rings and other accessories. The channel in the center reduces the overall mass of the mount. Also, in many cases, it will not obstruct usage of factory iron sights. EGW one-piece scope mounts are the obvious choice for hunters and tactical shooters alike. EGW machines these in their shop using their of our machining centers. After machining, the mounts are tumbled, sand blasted, and Type II anodized for long lasting durability. Installation: EGW recommends 20 inch lbs of torque and a drip of blue loctite (loctite is sold separately). Recommend: 0 MOA - if shooting 0-500 yards Mounting Hardware is Included This mount fits: Winchester 70 Pre 64' All Calibers Winchester 70 Post 64' Long Action Winchester Model 670 Marlin XL7 Sears Model 53 Ted Williams Model 53

Safety Instruction Guide for WINCHESTER 70 STD/LA PRE 64 PICATINNY SCOPE MOUNT

Introduction

Thank you for choosing the WINCHESTER 70 STD/LA PRE 64 PICATINNY SCOPE MOUNT. This guide provides essential safety instructions and information for the proper use, installation, and disposal of your scope mount. Please read this guide thoroughly to ensure safe and effective use.

General Safety Guidelines

- Always inspect the scope mount before each use for any signs of damage or wear.
- Ensure that the scope mount is compatible with your firearm model before installation.
- Use the scope mount only for its intended purpose as specified in this guide.
- Keep the scope mount and all accessories out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or adjusting the scope mount.
- Use appropriate tools for installation and avoid using excessive force that may damage the mount or firearm.
- Confirm that the torque applied during installation does not exceed 20 inch lbs.
- Use blue loctite (sold separately) to secure screws, ensuring a stable installation.
- Avoid obstructing factory iron sights when mounting the scope.
- Be cautious when handling and adjusting the scope mount to prevent injury.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and free from distractions.
- Gather necessary tools: torque wrench, screwdriver, and blue loctite.

2. Installation Steps:

- Confirm that the middle spread of your receiver is compatible with the mount (Winchester 70 Long Action: 3.805").
- Place the mount on the receiver, aligning it with the holes.
- Insert screws into the holes of the mount.
- Tighten the screws gently to avoid stripping the threads.
- Apply blue loctite to the screws and tighten to 20 inch lbs of torque.

3. Usage:

- Once installed, check the alignment of the scope.
- Adjust the scope rings and accessories as needed for optimal performance.
- Regularly check the mount for any loosening or wear during use.

Disposal Instructions

- Dispose of the scope mount in accordance with local regulations.
- If the mount is damaged, do not attempt to repair it; dispose of it responsibly.
- Recycle any metal components where possible.

Contact Information for Further Support

For any questions or concerns regarding the WINCHESTER 70 STD/LA PRE 64 PICATINNY SCOPE MOUNT, please consult your retailer or manufacturer's website for support and additional information.

Thank you for prioritizing safety with your new scope mount. Enjoy your shooting experience responsibly!
