

# 1911 ANGLE BORED BUSHING - EGW WCPI BLUE PRE-FIT BUSHING, GOVT.

[Handgun Parts](#) > [Barrel Parts](#) > [Barrel Bushings](#)

## Pre-Machined With The Proper Lockup Angle; Pre-Fit & Gunsmith Fit

Less time-consuming fitting because the proper lockup angle is pre-machined right into the bushing. Pre-Fit requires only minor fitting for installation onto Colt factory barrels. Gunsmith Fit requires fitting of both dimensions.

## Attributes

- Name: [EGW WCPI BLUE PRE-FIT BUSHING, GOVT.](#)
- Manufacturer: [EGW](#)
- Product no.: 296410010
- Mfr. No.: 14113A

# Safety Instruction Guide for 1911 ANGLE BORED BUSHING EGW WCPI BLUE PREFIT BUSHING, GOVT.

## Introduction

Thank you for choosing the 1911 ANGLE BORED BUSHING EGW WCPI BLUE PREFIT BUSHING, GOVT. This guide provides important safety information, installation instructions, and usage precautions to ensure your safety and the proper functioning of the product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that all safety measures are followed during the installation and use of this product.
- This bushing is designed for use with 1911 Government model firearms. Ensure compatibility before installation.
- Always handle firearms with care and in accordance with local laws and regulations.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly inspect the bushing for signs of wear or damage. Do not use if damaged.

## Specific Safety Precautions for Use

- Only use this bushing with Colt factory barrels to ensure proper fit and function.
- Minor fitting is required for installation. If you are not experienced with gunsmithing, seek professional assistance.
- Ensure that the firearm is unloaded before beginning installation or maintenance.
- Wear appropriate safety gear, including eye protection, when working with firearms.
- Be aware of your surroundings when using firearms equipped with this bushing to ensure safe handling.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation, including a fitting tool if required.

### 2. Installation:

- For PreFit (P/F) installation:
  - Measure the O.D. of the barrel to ensure it is .702" (17.8mm).
  - Insert the bushing onto the barrel, ensuring proper alignment.
  - Minor fitting may be required to achieve a snug fit.
- For Gunsmith Fit (G/F) installation:
  - Measure the O.D. of the barrel to ensure it is .702" and the I.D. of the bushing is .574" (14.6mm).
  - Professional fitting may be required to ensure optimal performance.

### 3. Usage:

- After installation, test the bushing by cycling the firearm to ensure smooth operation.

- Regularly clean and maintain the bushing and firearm to ensure longevity and performance.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If the bushing is damaged or no longer usable, dispose of it in a manner that prevents it from being reused or causing harm.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding this product, please contact the manufacturer or your local distributor. Ensure that you provide them with all relevant information regarding your product and any issues you may encounter.

Please remember to follow all safety guidelines and instructions provided in this manual. Your safety is our priority.
