

REMINGTON 700 FIRING PIN ASSEMBLY, LITE - GRE-TAN REM 700 SHORT ACTION LITE FIRING PIN ASSEMBLY

[Rifle Parts](#) > [Bolt Parts](#) > [Firing Pin Parts](#) > [Firing Pins](#)

Gre-Tan Rifle's GEN II Lite steel Firing Pin Assembly; Matte Black. Featuring the Thread Assembly System that prevents the uncontrolled discharge of the firearm. This thread assembly joins in front of the spring collar. Along with a Radius Tip contour design so you can now dry fire practice and set triggers with our pin. The pin is made with 7075-T6 aluminum shank, and preheat treated 4140 Steel tip. If you are purchasing a GTR Firing Pin Assembly for a PTG bolt it needs to be fitted by Gre-Tan. Contact Gre-Tan and they will install and fit it for free.

REMINGTON 700 FIRING PIN ASSEMBLY SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Remington 700 Firing Pin Assembly by GreTan. This guide provides essential safety instructions, usage guidelines, and important information to ensure safe and effective use of the product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used in accordance with all applicable laws and regulations.
- Always handle firearms with care and assume they are loaded until verified otherwise.
- Store the firing pin assembly in a secure location, away from children and unauthorized users.
- Regularly inspect the firing pin assembly for wear or damage before use.
- Familiarize yourself with the specific characteristics of the Remington 700 firearm prior to installation.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Uncontrolled Discharge:** The Thread Assembly System is designed to prevent uncontrolled discharge. Ensure it is properly engaged before use.
- **Dry Firing:** The Radius Tip contour design allows for dry fire practice. Always ensure that the firearm is in a safe condition before practicing.
- **Fitting Requirements:** If you are using a GTR Firing Pin Assembly with a PTG bolt, it must be fitted by GreTan. Contact them for free installation and fitting.
- **Age Restrictions:** This product is intended for use by individuals who are legally permitted to handle firearms. Ensure that all users are of legal age and trained in firearm safety.

Instructions for Installation and Usage

1. **Preparation:** Ensure that the firearm is unloaded and pointed in a safe direction. Gather all necessary tools for installation.
2. **Installation:** Remove the existing firing pin assembly from the Remington 700. Carefully install the GreTan Firing Pin Assembly, ensuring that the Thread Assembly System is properly engaged. Verify that the assembly is secure and that all components are correctly aligned.
3. **Usage:** Before each use, conduct a thorough inspection of the firing pin assembly. Practice dry firing only in a safe environment, ensuring no live ammunition is present. Follow all standard firearm safety practices when handling the firearm.
4. **PostUse:** After use, store the firearm and firing pin assembly securely. Regularly check for any signs of wear or damage and replace components as necessary.

Disposal Instructions

- Dispose of the firing pin assembly in accordance with local regulations.
- Do not dispose of any firearm components in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the Remington 700 Firing Pin Assembly, please reach out to GreTan directly. They can provide assistance with installation, fitting, and any safety concerns you may have.

Thank you for prioritizing safety and compliance. Enjoy your shooting experience responsibly!
