

# POWER TOOLS - BLACKSTONE SR-30 SET

[Gunsmith Tools](#) > [Power Tools & Accessories](#) > [Electric Rotary Tools](#) > [Electric Rotary Tool Accessories](#)

## Lightweight, Powerful Tools For Cutting, Shaping & Polishing Wood, Metal, Plastic & Fiberglass

Efficiently handles all the precision shaping and contouring work in the shop. Easy to use, whether the job requires slow speed, high torque “hogging,” or high speed for carbide tools that need only the lightest touch. Runs in forward or reverse rotation for ease-of-use during left- or right-hand operation. Cutting/grinding/polishing accessory kits available separately, below. SR Power Tool features a flexible shaft and convenient foot operated control for hands-free speed control.

# POWER TOOLS BLACKSTONE SR30 SET Safety Instructions

## Introduction

Thank you for choosing the POWER TOOLS BLACKSTONE SR30 SET. This manual provides important safety instructions to ensure the safe and effective use of your tool. Please read this guide carefully before using the product to familiarize yourself with the safety precautions and operational guidelines.

## General Safety Guidelines

- Always read and understand the instructions before using the tool.
- Ensure the tool is used in accordance with the manufacturer's specifications.
- Keep the tool out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE), including safety goggles, gloves, and a dust mask.
- Ensure that the workspace is clean, dry, and welllit to prevent accidents.
- Do not operate the tool in wet or damp conditions.
- Be aware of your surroundings and maintain a safe distance from others while using the tool.
- Regularly inspect the tool and accessories for damage before use. Do not use damaged tools.
- Disconnect the tool from the power source when not in use or when changing accessories.
- Follow all local regulations regarding the use and disposal of power tools.

## Specific Safety Precautions for Use

- When using the flexible shaft, ensure it is securely attached to the motor and handpiece to prevent detachment during operation.
- Avoid wearing loose clothing or jewelry that may become entangled in the tool.
- Use the correct accessory for the job to avoid overheating and damage to the tool.
- Do not exceed the recommended speed settings, especially when using carbide tools.
- Always support the workpiece adequately to prevent it from moving during operation.
- Use the foot control to adjust speed gradually, avoiding sudden changes that could lead to loss of control.
- If the tool overheats, turn it off and allow it to cool before continuing use.
- In case of an emergency, be familiar with the location of the power switch to quickly disconnect the tool.

## Instructions for Installation and Usage

### 1. Unboxing and Inspection

- Carefully remove the POWER TOOLS BLACKSTONE SR30 SET from the packaging.
- Inspect all components for any signs of damage or missing parts.

### 2. Setting Up the Tool

- Place the tool on a stable surface in a welllit area.
- Connect the SR Motor to the power source (115V/60 Hz).
- Attach the FCT1 foot control to the motor as per the instructions provided.

### 3. Connecting the Flexible Shaft

- Securely attach the flexible shaft to the SR Motor and the handpiece.
- Ensure all connections are tight to prevent any disconnections during use.

#### **4. Using the Tool**

- Select the appropriate accessory for your task.
- Start the tool using the foot control, gradually increasing the speed as needed.
- Perform your shaping, contouring, or polishing task with steady control.
- After completing the task, turn off the tool using the foot control and disconnect it from the power source.

#### **5. PostUse Care**

- Clean the tool and accessories after each use to maintain performance.
- Store the tool in a dry, secure location away from children and pets.

### **Disposal Instructions**

- Dispose of the POWER TOOLS BLACKSTONE SR30 SET and its accessories in accordance with local regulations.
- Do not dispose of electrical components in regular household waste.
- Consider recycling options for the tool and packaging materials when possible.

### **Contact Information for Further Support**

For any safety inquiries, technical support, or product information, please refer to the manufacturer's contact details provided with your product packaging. Always ensure that you have the product model information ready when seeking assistance.

Thank you for your attention to safety and for choosing POWER TOOLS BLACKSTONE SR30 SET. Enjoy your crafting and shaping experience while prioritizing safety!
