7" & 17" 90° Gunsmith Borescope Kit Safety Instructions

Introduction

Thank you for choosing the 7" & 17" 90° Gunsmith Borescope Kit by Gradient Lens. This guide provides important safety instructions to ensure the safe use of your borescope. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the borescope and its components out of reach of children and unauthorized users.
- Regularly inspect the borescope for any signs of damage before use.
- Follow all local laws and regulations regarding firearm maintenance and inspection.
- Use the product in a welllit area to ensure visibility during use.
- In case of any malfunction or damage, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Do not use the borescope on firearms that are loaded or have ammunition present.
- Always ensure the firearm is unloaded and pointed in a safe direction before using the borescope.
- Avoid using the borescope in wet or damp conditions to prevent electrical hazards.
- Do not apply excessive force when inserting the borescope into the barrel to avoid damaging the optics or the firearm.
- Use the adjustable focus feature responsibly to prevent eye strain and ensure a clear view.
- Be cautious when using the MiniMaglite flashlights to avoid direct eye exposure to the LED light.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather all components of the borescope kit, including the 7" and 17" optic tubes, MiniMaglite flashlights, and cleaning solution.

2. Using the Borescope

- Select the appropriate optic tube (7" or 17") based on your needs.
- Insert the optic tube gently into the firearm's barrel, ensuring it is aligned properly.
- Use the builtin 90° mirror to view the rifling, crown, breech, and chamber.
- Adjust the focus from 1mm to infinity as needed for a clear view.
- Turn on the MiniMaglite flashlights to illuminate the area being inspected.

3. PostUse Care

- Carefully remove the borescope from the barrel after inspection.
- Clean the optic tube with the provided lens cleaning solution if necessary.
- Store the borescope and its components in the aluminum case, ensuring it is locked securely.

Disposal Instructions

- Dispose of packaging materials in accordance with local waste management regulations.
- If the borescope or any components are damaged, dispose of them responsibly. Do not throw them in regular household waste.
- Check local regulations for proper disposal methods of electronic waste.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the 7" & 17" 90° Gunsmith Borescope Kit, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your 7" & 17" 90° Gunsmith Borescope Kit. Thank you for your attention to safety, and enjoy your product responsibly.
