

FAST MRO MOUNT - UNITY TACTICAL FAST MRO MOUNT FDE

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

Designed for Trijicon MRO® and MRO® HD optics. FAST™ is a series of optic mounts and platforms that provide end users with a quicker sight picture than standard height mounts. A 2.26" optical centerline height provides faster/easier reticle acquisition while wearing electronic ear-pro/communications headsets, night vision goggles and gas masks and allows for more rapid visual processing of the battlefield by promoting a heads-up posture. A heads-up posture also helps users maintain a neutral spine position which is more comfortable while wearing helmets, plate carriers, and other heavy gear. The FAST™ MRO Mount features a built-in standard height windage-adjustable back up rear iron sight that keep weapons uncluttered, without reducing capability. It also features the FAST™ offset accessory mounting interface. Compatible with all FAST™ FTC (Flip-To-Center) Magnifier Mounts. The FAST™ MRO Mount comes with a standard rail-grabber clamp mount, but is designed to readily accept a drop-in American Defense Manufacturing® patented QD Auto-Lock™ Lever with the UNITY™ proprietary nut. (sold separately). This mounting option will provide quick detach capability. The FAST™ MRO Mount is built from 7075-T6 Aluminum and Type III Hardcoat Anodized Black or FDE*

Safety Instruction Guide for FAST MRO Mount Unity Tactical

Introduction

Thank you for purchasing the FAST MRO Mount from UNITY TACTICAL. This product is designed for use with Trijicon MRO® and MRO® HD optics, providing a quick sight picture and enhancing your tactical experience. To ensure safe and effective use of this product, please read and follow the safety guidelines and instructions outlined in this guide.

General Safety Guidelines

- Ensure that the FAST MRO Mount is compatible with your optic before installation.
- Always inspect the mount for any signs of damage or wear before each use.
- Use the product only for its intended purpose; misuse may lead to accidents or injuries.
- Keep the mount and all accessories out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of tactical equipment.
- In case of any doubts or questions regarding safety, consult a professional.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's weight limit for the mount.
- Ensure that the mount is securely attached to the rail before use.
- Avoid using the mount in extreme weather conditions that may affect its performance.
- Always wear appropriate protective gear, such as helmets and eye protection, when using tactical equipment.
- Be aware of your surroundings and maintain a safe distance from others when using the mount in active scenarios.

Instructions for Installation and Usage

1. Installation Instructions:

- Gather all necessary tools before starting the installation.
- Ensure the firearm is unloaded and pointed in a safe direction.
- Attach the FAST MRO Mount to the firearm's rail using the standard railgrabber clamp mount.
- If using the QD AutoLock™ Lever, follow the manufacturer's instructions for attachment.
- Adjust the mount to ensure it is level and securely fastened.

2. Usage Instructions:

- Before using the mount, familiarize yourself with its features and adjustments.
- Ensure that the optic is securely mounted on the FAST MRO Mount.
- Practice acquiring the sight picture in a safe environment to enhance your proficiency.
- Regularly check the mount and optic for any signs of loosening or damage during use.

Disposal Instructions

- Dispose of the FAST MRO Mount in accordance with local regulations.
- Do not dispose of the mount in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or usage, please refer to the manufacturer's contact details provided with your product packaging.

Thank you for your attention to these safety guidelines. Your safety and the safe operation of your equipment are our top priorities.
