

451 CALIBER (0.451") XTREME DEFENSE FTM LEAD-FREE BULLETS - LEHIGH DEFENSE 451 CAL (0.451") 190GR XTREME DEFENSE LEAD-FREE BULLET 50/BX

[Reloading](#) > [Bullets](#) > [Pistol Bullets](#)

The advanced technology Xtreme Defense Fluid Transfer Monolithic (XD FTM) is changing the way self-defense bullets are perceived. Like the Xtreme Penetrator, the progressive nose geometry allows for deep, straight penetration while creating a permanent wound cavity diameter exceeding that of most expanding bullets. Additionally, the bullet is solid copper, able to overcome barriers to penetration, is environmentally friendly and does massive tissue damage on impact. Penetrating barriers such as drywall or heavy clothing prior to impacting the intended target doesn't have the potentially negative effect on the Xtreme Defense that it does to conventional hollow point bullets. The nose design is the key. The Fluid Transfer's radial flutes force the hydraulic energy inward and then as the energy is restricted, it accelerates outward creating high pressure spikes severely damaging surrounding tissue. This very rapid increase in fluid flow creates cavitation and massive tissue damage away from the projectile equivalent to those of the best hollow points on the market. The result of the Xtreme Defense is a permanent wound cavity that is two to four times greater than what a flat or round nose bullet generates and often larger than traditional or solid copper expanding bullets. What you get is a self-defense bullet that will shoot through barriers without deformation or trajectory change and creates a larger permanent wound cavity coupled with the desired 18 inches of penetration.

Attributes

- Name: [LEHIGH DEFENSE 451 CAL \(0.451"\) 190GR XTREME DEFENSE LEAD-FREE BULLET 50/BX](#)
- Manufacturer: [LEHIGH DEFENSE](#)
- Product no.: 430100225
- Mfr. No.: 09451190LP
- Bullet Style: Xtreme Defense
- Caliber: 451 Caliber
- Diameter (in): 0.451
- Grain: 190
- Quantity: 50
- Delivery weight: 0.669kg
- Shipping height: 57mm
- Shipping width: 64mm
- Shipping length: 83mm
- UPC: 810025507787

Item details

Made in USA

US export classification: 0A505.x

Safety Instruction Guide for 451 Caliber (0.451") Xtreme Defense FTM LeadFree Bullets

Introduction

Thank you for choosing the 451 Caliber (0.451") Xtreme Defense FTM LeadFree Bullets by Lehigh Defense. This guide provides essential safety information and instructions to ensure the safe use of this product. Please read this guide carefully before using the bullets.

General Safety Guidelines

- Ensure you are familiar with local laws and regulations regarding the use of ammunition.
- Always handle ammunition with care. Treat every bullet as if it is loaded.
- Store ammunition in a cool, dry place, away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized users.
- Regularly inspect ammunition for signs of damage or deterioration before use.
- If you encounter any unsafe products or accidents, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye and ear protection, when handling or firing ammunition.
- Use only in firearms that are specifically designed for the 451 caliber (0.451") bullets.
- Do not mix different types or brands of ammunition.
- Avoid using damaged or malfunctioning firearms.
- Be aware of your surroundings and ensure a safe shooting environment.
- Never point a firearm at anything you do not intend to shoot.

Instructions for Installation and Usage

- Ensure the firearm is unloaded before inserting the bullets.
- Follow the manufacturer's instructions for loading ammunition into the firearm.
- Confirm that the bullet is seated properly in the chamber before firing.
- Always check the firearm's safety mechanisms before use.
- Fire the bullets in a safe and controlled manner, following all local shooting regulations.
- After use, clean the firearm according to the manufacturer's guidelines.

Disposal Instructions

- Dispose of any unused or damaged ammunition in accordance with local regulations.
- Do not throw ammunition in regular trash or recycling bins.
- Contact local waste management or law enforcement for safe disposal options.
- Ensure that all spent casings are collected and disposed of properly.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's website or contact your local dealer.

By following these guidelines and precautions, you can ensure the safe use of the 451 Caliber (0.451") Xtreme Defense FTM LeadFree Bullets. Always prioritize safety and responsibility when handling ammunition.
