

# MATCH GRADE BARRELS FOR GLOCK® 20 - BROWNELLS BRN PISTOL BARREL FOR GLOCK 20,9/16"-24 THREAD,BLACK NITRIDE

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Our Match-Grade Barrel for the Glock® 20 fits ALL generations of G20. It's an excellent replacement for a shot-out factory barrel or for completing a pistol based on the G20 platform. And it's the ideal tube for a custom gun built on a Polymer80 frame with a Brownells Slide on top! Each Brownells Match-Grade Barrel for Glock® 20 is machined from hardened 416R stainless steel to precise dimensions, so it's a drop-in fit on most guns. The tight lockup helps ensure superb accuracy, too. The extra-hard Black Nitride finish resists surface wear and stops in its tracks whatever corrosion might try to challenge the stainless steel. This 9mm Luger (9x19mm) chambered barrel is button-rifled with standard, 1-10" right-hand, 6-groove rifling that is compatible with "practice" ammo with non-jacketed bullets. Fits Glock® 20 Button-rifled 1-10" twist 416R stainless steel Non-reflective Black Nitride anti-corrosion finish Threaded model available with 9/16-24 tpi threads. Our match barrel for Glock® 20 is available with either a Plain muzzle with an 11-degree target crown or Threaded (9/16-24 tpi) to enable installation of a compensator or sound suppressor. Both are laser-engraved with the chambering and the Glock model it fits.

# Safety Instruction Guide for Match Grade Barrels for Glock® 20

## Introduction

Thank you for choosing the Match Grade Barrel for Glock® 20 by Brownells. This guide provides essential safety instructions and guidelines to ensure the safe use and maintenance of your product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure the product is used only by individuals who are familiar with firearms and their safe handling.
- Always treat the barrel as if it is loaded, even when you believe it is not.
- Store the barrel in a safe and secure location, out of reach of children and unauthorized users.
- Regularly inspect the barrel for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm modifications and usage.

## Specific Safety Precautions for Use

- Do not attempt to modify or alter the barrel in any way that is not recommended by the manufacturer.
- Use only compatible ammunition as specified for the barrel (9mm Luger).
- Ensure that the firearm is unloaded before installing or removing the barrel.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- Be aware of your surroundings and ensure a safe environment when using the firearm equipped with this barrel.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded.
- Remove the factory barrel from the Glock® 20 according to the manufacturer's instructions.
- Insert the Match Grade Barrel into the slide, ensuring it is properly aligned.
- Confirm that the barrel locks securely in place.
- If using the threaded model, ensure that any compensators or suppressors are properly installed according to their instructions.

### 2. Usage:

- Always verify that the firearm is in safe working condition before use.
- Use the barrel only with ammunition that is compatible and specified for the Glock® 20.
- After each use, clean the barrel according to the manufacturer's cleaning instructions to maintain performance and longevity.

## Disposal Instructions

- Dispose of the barrel in accordance with local laws and regulations regarding firearm components.
- If the barrel is damaged or no longer usable, consider contacting a local firearms dealer or recycling center that handles metal components.

## **Contact Information for Further Support**

For any questions or concerns regarding the Match Grade Barrel for Glock® 20, please refer to the manufacturer's website or customer service for assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe and effective use of your Match Grade Barrel for Glock® 20. Always prioritize safety and responsible handling when it comes to firearms. Thank you for your attention to these important safety measures.
