# SPOT SHOT WIFI SPOTTING SCOPE CAMERA SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the SPOT SHOT WIFI SPOTTING SCOPE CAMERA. This guide provides essential safety instructions and guidelines to ensure your safe and effective use of the product. Please read this manual carefully before using the camera and keep it for future reference.

## General Safety Guidelines

- Ensure the camera is used only for its intended purpose as described in the product manual.
- Always supervise children when using the camera or when it is in their vicinity.
- Avoid using the camera in wet or extremely humid conditions to prevent damage.
- Do not expose the camera to extreme temperatures, direct sunlight, or harsh chemicals.
- Regularly check the camera for any signs of damage or wear. If any damage is found, discontinue use immediately.
- Follow all local laws and regulations regarding the use of cameras, especially in public areas.

## Specific Safety Precautions for Use

- **Electrical Safety:**
  - Use only the provided micro USB charging cable to power the device.
  - Do not attempt to repair or modify the camera. Any unauthorized repairs may void the warranty and pose safety risks.
- **Battery Safety:**
  - Do not expose the rechargeable LiPo battery to fire or extreme heat.
  - If the battery is swollen or leaking, discontinue use and dispose of it safely.
- **Optical Safety:**
  - Avoid looking directly at the sun through the spotting scope, as this can cause serious eye damage.
- **Handling Safety:**
  - Handle the camera with care to avoid dropping it, which may cause internal damage.
  - Ensure the camera is securely mounted to the spotting scope before use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the camera is compatible with your spotting scope (1.0 – 1.5 inch diameter eyepiece).
- Mount the camera securely to the spotting scope according to the manufacturer's instructions.
- Adjust the tilting LCD screen to your preferred viewing angle.

### 2. Powering On:

- Press the power button to turn on the camera. The low battery indicator will light up if the battery is running low.

### 3. Connecting to WiFi:

- Download the free SPOTSHOT app from Google Play or the Apple iOS App Store.
- Follow the app instructions to connect the camera to your WiFi network.

#### **4. Using the Camera:**

- Use the app to access live streaming HD video from the camera.
- Adjust settings as necessary for optimal performance.

#### **5. Charging:**

- Connect the camera to a power source using the provided micro USB cable.
- Allow the battery to charge fully before first use for optimal performance.

## **Disposal Instructions**

- Dispose of the camera and its components in accordance with local regulations.
- Do not dispose of the rechargeable LiPo battery in household waste. Follow local guidelines for battery disposal.
- Consider recycling options for electronic waste to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or assistance regarding the SPOT SHOT WIFI SPOTTING SCOPE CAMERA, please consult the product packaging for contact information or visit the manufacturer's website for support options.

Thank you for prioritizing safety while using the SPOT SHOT WIFI SPOTTING SCOPE CAMERA. By following these guidelines, you can ensure a safe and enjoyable experience with your new product.
