## Safety Instruction Guide

### Introduction

Thank you for choosing the SPOT SHOT WIFI SPOTTING SCOPE CAMERA. This guide provides important safety instructions and usage guidelines to ensure your product operates safely and effectively. Please read this manual carefully before using the camera.

### General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Keep the camera out of reach of children and vulnerable individuals.
- Do not expose the camera to extreme temperatures, moisture, or direct sunlight.
- Regularly check for any damage to the camera or its components before use.
- If you notice any malfunctions or damage, discontinue use immediately and consult a professional.

### Specific Safety Precautions for Use

- **Electrical Safety:**
  - Only use the provided micro USB charging cable for charging.
  - Ensure that the charging port is dry before connecting the cable.
- **Battery Safety:**
  - Do not attempt to disassemble or modify the rechargeable LiPo battery.
  - Charge the battery in a wellventilated area and avoid covering it during charging.
- **Screen Safety:**
  - Handle the tilting LCD screen with care to avoid damage.
  - Do not press hard on the screen or expose it to sharp objects.
- **Live Streaming:**
  - Be aware of your surroundings when using live streaming features to avoid privacy violations.
  - Ensure you have a stable WiFi connection to maintain video quality.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure the camera is compatible with your spotting scope (1.0 – 1.5 inches diameter eyepiece).
- Attach the camera securely to the eyepiece of the spotting scope, ensuring it is stable.
- Adjust the tilting LCD screen to your preferred viewing angle.

#### 2. Powering On:

- Press the power button to turn on the camera.
- Monitor the low battery indicator to avoid unexpected shutdowns.

#### 3. Charging:

- Connect the micro USB cable to the camera and a power source.
- Allow the battery to charge fully for optimal performance (approximately 810 hours).

#### 4. Using the SpotShot App:

- Download the SpotShot app from Google Play or Apple iOS App Store.

- Follow the app instructions to connect to the camera and access live streaming features.

## 5. Live Streaming:

- Once connected, you can start live streaming HD video.
- Ensure your WiFi connection is stable for uninterrupted streaming.

## Disposal Instructions

- Dispose of the camera and its components in accordance with local regulations.
- Do not dispose of the rechargeable LiPo battery in regular waste.
- Check local electronic waste disposal guidelines for proper disposal of electronic devices.

## Contact Information for Further Support

For any safety inquiries or support, please refer to your local regulations and contact the appropriate authorities for assistance.

## Conclusion

By following these safety guidelines, you can ensure the safe and effective use of your SPOT SHOT WIFI SPOTTING SCOPE CAMERA. Always stay informed about potential hazards and report any unsafe conditions to the relevant authorities. Thank you for your attention to safety, and enjoy your new camera!
