

RAZOR SLIM PASSIVE MUFFS - WALKERS GAME EAR RAZOR SLIM PASSIVE MUFF SAGE GREEN

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Ear Muffs](#)

A Set of Earmuffs That Provide Passive Support

Active hearing-protection equipment relies on electronics to provide noise reduction, and these muffs also often work to amplify select sounds in a shooter's environment, allowing them to communicate. However, these muffs are often pricey options, meaning many shooters have just a pair for themselves. If you're taking friends to the range, make sure they have hearing protection, too, and these Walkers Razor Slim Passive Muffs are an effective, affordable option, so you can have multiple pairs on-hand. Each pair of Walkers Razor Slim Passive Earmuffs have slim, low-profile earcups that won't get in the way of a solid cheek weld, and the wire-reinforced headband provides comfort for all-day wear. When you're done shooting, these muffs collapse into a compact, easily carried package that you can stash in your range bag for future use. Total NRR is 27 decibels.

Attributes

- Name: [WALKERS GAME EAR RAZOR SLIM PASSIVE MUFF SAGE GREEN](#)

RAZOR SLIM PASSIVE MUFF SAGE GREEN Safety

Instruction Guide

Introduction

Thank you for choosing the Walkers Razor Slim Passive Muffs in Sage Green. These earmuffs are designed to provide effective hearing protection while allowing communication in shooting environments. This guide provides essential safety instructions and guidelines to ensure safe usage of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the earmuffs are used in accordance with the manufacturer's instructions.
- Regularly inspect the earmuffs for any signs of wear or damage before each use.
- Store the earmuffs in a dry and safe location when not in use to prevent damage.
- Keep the earmuffs away from extreme temperatures and direct sunlight.
- Use the earmuffs only for their intended purpose: hearing protection during shooting or other loud activities.
- Be aware that these earmuffs are passive and do not rely on electronics for noise reduction.

Specific Safety Precautions for Use

- Ensure a proper fit: Adjust the headband to fit snugly but comfortably on your head.
- Do not modify the earmuffs in any way, as alterations may compromise their effectiveness.
- Avoid using the earmuffs in environments where they may not provide adequate protection, such as extremely loud or hazardous conditions.
- Always wear the earmuffs when exposed to loud noises to prevent hearing damage.
- If you experience any discomfort or pain while wearing the earmuffs, remove them immediately and consult a professional.

Instructions for Installation and Usage

1. Adjusting the Headband:

- Grasp the earmuffs and gently pull the headband to adjust to your head size.
- Ensure the earcups sit comfortably over your ears without excessive pressure.

2. Wearing the Earmuffs:

- Position the earmuffs over your ears, ensuring a snug fit.
- Make sure there are no gaps between your ears and the earmuffs for optimal noise reduction.

3. Collapsing for Storage:

- To store, gently pull the earcups away from the headband until they collapse into a compact shape.
- Place the collapsed earmuffs in a protective case or your range bag for easy transport.

4. Cleaning the Earmuffs:

- Wipe the surface of the earmuffs with a damp cloth to remove dirt and debris.

- Avoid using harsh chemicals or abrasive materials that may damage the earmuffs.

Disposal Instructions

- Dispose of the earmuffs in accordance with local regulations regarding electronic waste.
- If the earmuffs are damaged beyond repair, ensure they are disposed of in a safe manner to prevent environmental harm.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Walkers Razor Slim Passive Muffs, please refer to the manufacturer's contact information provided on the packaging or product website.

This safety instruction guide is designed to ensure your safety and the effective use of the Walkers Razor Slim Passive Muffs. By following these guidelines, you can enjoy your shooting experience while protecting your hearing. Please remember to stay informed about any product recalls or safety updates through the EU's Safety Gate platform. Thank you for your attention to safety!
