# Trauma Kit NOW! SMALL Safety Instruction Guide

## Introduction

Thank you for choosing the Trauma Kit NOW! SMALL from Blue Force Gear. This compact medical pouch is designed to provide essential first aid supplies in a convenient and accessible format. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that all users are trained in basic first aid and CPR.
- Store the Trauma Kit in a cool, dry place away from direct sunlight.
- Regularly check the contents of the kit for expiration dates and replace any expired items promptly.
- Keep the kit out of reach of children unless supervised by an adult.
- In case of an emergency, always call for professional medical help immediately.

## Specific Safety Precautions for Use

- Trauma Gloves: Always wear gloves when handling blood or bodily fluids to prevent infection.
- QuikClot Products: Follow the instructions on the packaging carefully to ensure proper application.
- Emergency Trauma Dressing: Ensure that the dressing is applied securely to control bleeding.
- Hypothermia Blanket: Use this blanket to maintain body temperature; do not use it as a substitute for medical attention.
- Compressed Gauze: Use as directed to control bleeding; do not apply directly to open wounds without proper training.
- Full Size Chest Seal: Ensure proper placement on the chest to create an airtight seal.
- Nasopharyngeal Airway: Only use if trained; improper use can cause injury.
- Decompression Needle: Use only if trained; improper use can lead to serious injury.

## Instructions for Installation and Usage

- **Storage:**
  - Store the Trauma Kit in an easily accessible location.
  - Ensure that all items are secured within the pouch to avoid spillage.
- **Usage:**
  - In case of an emergency, open the kit and assess the situation.
  - Use the Trauma Gloves before handling any supplies.
  - Follow the specific instructions for each item as listed on their packaging.
  - For bleeding control, apply the QuikClot dressing or Emergency Trauma Dressing as needed.
  - If using the Nasopharyngeal Airway or Decompression Needle, ensure you are trained in their application.

## Disposal Instructions

- Dispose of used or expired items in accordance with local regulations.
- Do not dispose of medical waste in regular trash; use designated medical waste containers.
- Ensure that any used gloves and dressings are sealed in a plastic bag before disposal.
