

243 WINCHESTER BRASS CASE - 243 WINCHESTER BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Norma Brass provides the serious reloader a premium grade, quality cartridge to reload. Norma Brass is bulk packed from the same lot. We try to keep a good supply of brass in inventory, but due to factory production and delivery delays, we may occasionally be out of some cartridges. Norma Brass is made to such exact standards that the cartridges typically include machined case heads, drilled (not punched) flash holes and close tolerance wall thickness. Brass is packaged in 100 count bags.

Attributes

- Name: [243 WINCHESTER BRASS 50/BOX](#)

Safety Instruction Guide for 243 Winchester Brass Case

Introduction

Thank you for choosing the 243 Winchester Brass Case from Norma. This guide provides essential safety instructions to ensure the safe use of this product. It is important to follow these guidelines to prevent any accidents and to ensure compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that you are familiar with the handling of firearms and ammunition before using this product.
- Always store brass cases in a safe and secure location, out of reach of children and unauthorized users.
- Inspect the brass cases for any signs of damage or defects before use.
- Use only in accordance with the manufacturer's specifications and recommendations.
- Be aware of local laws and regulations regarding the use of ammunition and reloading components.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper handling of brass cases can lead to accidents.
 - Reloading ammunition can pose risks if not done correctly.
- **Avoiding Hazards:**
 - Always wear appropriate safety gear, including safety glasses and gloves, when reloading.
 - Do not exceed the recommended load specifications for reloading.
 - Keep your workspace clean and organized to prevent accidents.
 - Ensure that all tools and equipment used for reloading are in good working condition.

Instructions for Installation and Usage

- **Preparation:**
 - Gather all necessary tools and materials for reloading, including powder, primers, and projectiles.
 - Ensure your reloading equipment is set up according to the manufacturer's instructions.
- **Reloading Process:**
 - Follow the reloading data provided by reputable sources to determine the correct powder type and charge weight.
 - Carefully measure and dispense powder into each brass case.
 - Insert primers into the brass cases as per the instructions of the primer manufacturer.
 - Seat projectiles firmly into the brass cases, ensuring they are at the correct depth.
- **Final Checks:**
 - Inspect each completed round for consistency and defects before storage or use.
 - Store reloaded ammunition in a cool, dry place, away from direct sunlight.

Disposal Instructions

- Dispose of any damaged or defective brass cases according to local regulations.
- Do not discard brass cases in regular household waste.
- Consider recycling brass cases through a local recycling program or return them to a retailer that accepts brass for recycling.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please refer to the manufacturer's contact information provided with your purchase. It is essential to have access to a reliable source for support and guidance.

By adhering to these safety guidelines and instructions, you can enjoy the benefits of reloading with the 243 Winchester Brass Case while minimizing risks. Thank you for prioritizing safety in your reloading practices.
